LOWELL BOY SCOUTS HOLD ANNUAL FIELD DAY.

The Boy Scouts of Lowell and the surrounding towns held their second annual rally this afternoon at Spaulding park with a large attendance of relatives and friends of the boys. The activities opened shortly after 11 o'clock this morning when the various troops under the direction of their scoutmasters and troop leaders assembled first at the scout headquarters in Shattuck street and later at city hall. When all the troops had arrived the signal was given to start and an inspiring and picturesque parade wended its way through Merrimack, Prescott, Central, Church and Andover streets and out to Spaulding park. The park was reached about 1:30. The officials of the scouts in this city led the parade, the Middlesex County Training School band furnishing music for the marchers. Each of the troops was headed by its scoutmaster and many of the boys carried placards or banners. Announcement of the part which the scouts are taking in the present Liberty bond campaign was made by means of posters. The rewards which were received at the recent agricultural fair were also noted. When the park had been reached the scouts set to work to arrange the various booths and paraphernalia which were to be used later on in the afternoon. At noon a real scout luncheon was enjoyed and at 2 o'clock activities began in earnest. The program opened with an overture by the band and then came a general exhibition of scout work. This included first aid work, drilling, bridge building, races, fire-lighting without matches, tent raising contest and the hundred and one other activities dear to scoutdom. A number of Campfire girls were present to witness the work of their brothers and there was a large crowd of visitors. One of the attractions of the afternoon was signaling by a crack troop of Chinese scouts from Boston. Mayor O'Donnell was one of the speakers of the afternoon and he congratulated the young men on the excellent showing which they had made and reminded them of the added importance of scout work in view of the present war.

FIRE CAPT. DUNN DIED THIS MORNING

Capt. Bernard J. Dunn, of Hose company No. 5 of the Lowell fire department, who suffered a fracture of the skull as a result of a fall from the roof of the Northern Waste Co. plant at Warrenville on the night of September 22, died this morning at 3:40 at St. John's hospital. The body was removed to his late home, 4 Rockdale avenue, by Undertakers James P. O'Donnell & Sons. The deceased was 53 years of age, and is survived by three sisters, Misses Mary J. and Alice Dunn and Mrs. Edward E. Slattery, also a brother, Edward P. Dunn. Capt. Dunn, who was better known as "Ben" by his friends and acquaintances, was one of the most efficient fire fighters in the department, according to Chief Edward F. Saunders and other members of the department with whom he had associated. He had rounded out nearly thirty years of service in the department and his activity and daring at many of the big fires won for him meritorious praise. He was appointed a substitute fireman on Engine 6 on December 25, 1883 and when the chemical engine was taken over by the Merrimack fire house in 1890 and a hose wagon substituted he was appointed a call man. He was made a permanent fireman on January 5, 1893 and January 1, 1893 was promoted to the lieutenant of Hose 5. In May, 1913, when Capt. Crowley was made a district chief, Lieut. Dunn was promoted to the captaincy which position he held up to the time of his death. With the exception of a leave of absence of about a month for illness a year ago he had been constantly on duty.

CAPT. BERNARD J. DUNN

On the night of September 22 while at the Northern Waste company he and several of his men were fighting the fire from the roof of the building and owing to the dense smoke he accidentally stepped off the roof and was later found unconscious on the ground. He was hurried to St. John's hospital where an examination showed that he was suffering from a fracture of the skull. For over a week he was delirious, but at times was able to recognize relatives and friends who called to see him and during the early part of this week showed signs of improvement, but later a change for the worse took place and he passed away at 3:40 o'clock this morning.

WHY NOT TURN YOUR HOUSE INTO A HOME?
Now that the cool autumn weather is here it suggests many things to the homelife instinct upon re-establishing her home for the fall and winter. Perhaps she requires a new inner set or set glass window pane to add to the cheer of her living room; furniture to replace some that has served long and well; upholstery for the rooms; pots and pans and other household articles. Now is the time to buy at a comfortable rate. Undoubtedly someone in your family has left for a training camp or joined some branch of the military service. Others will probably go before the war is over. Keep your home comfortable and when the boys go away they will always remember their home as the dearest place on earth.

ENGLAND READY FOR REPRISAL AIR RAIDS

LONDON, Oct. 13.—The morning newspapers suggest that the government is ready to begin carrying out reprisal air raids on Germany. This belief is based on the assignment of Lieut. Gen. David Henderson, director general of military aeronautics, to special work and the sending of Maj. Gen. W. S. Bruner, director of air organization for the army to a command abroad.

CHAS. S. EATON, FORMER LOWELL MAN DEAD

MARLBOROUGH, Oct. 13.—Chas. S. Eaton, owner of Thompson's Spa, an eating establishment in the business section of Boston, which he opened as a candy shop in 1882 died here today after a long illness. In recent years he had spent much time abroad and also maintaining a winter home at Pasadena, Calif. Mr. Eaton was was graduated from Massachusetts Institute of Technology in 1878 and returned to Lowell, his old home, where he remained for two years, devoting his time to architecture, of which he had made a special study.

LOWELL BOY GUNNERY SCHOOL HEAD

Lieut. Arthur F. Woodles, formerly of The Sun, is at Camp Mohawk, in Canada, where he is in charge of an aerial gunnery school, and he has 120-odd cadets, Americans and Canadians, under his protecting wing. Camp Mohawk is 133 miles east of Toronto, and in letters to friends in Lowell, Lieut. Woodles has said many nice things about Canadian hospitality. He says he has met some splendid families and the welcome sign is ever out. Lieut. Woodles is a Plattsburg graduate and went to Canada from Ayer about six weeks ago. He has made a quick and fast. He has spent most of his time at Camp Borden, 32 miles northeast of Toronto, and was ordered to Camp Mohawk a week or two ago. At Camp Borden he took a course in aerial gunnery and now he is supervising instruction. He does not know the next move will be to the United States or "over there."

YESTERDAY WAS BIG DAY FOR KNIGHTS OF COLUMBUS; RECREATION HUT, DEDICATED AT CAMP DEVENS

THE K. OF C. RECREATION HUT AT CAMP DEVENS
Photo by J. M. Dinneen

The Knights of Columbus headquarters building at Camp Devens on the western side of the main camp road, near the drill grounds, is now open and a cordial invitation is extended to all, regardless of creed, to visit the K. of C. headquarters at any time and make free use of the facilities afforded for recreation and entertainment. Make this building your own for meeting your friends, writing letters, reading, telephoning and entertainment.

Mass will be celebrated at this building every Sunday at 8:30 A. M. Ayer Council, Knights of Columbus, invites all, whether members or not, to visit its rooms on the third floor of Page block, Main street, Ayer. Make these rooms your headquarters when in town.

Lowell council, Knights of Columbus, observed Columbus day fittingly yesterday with an unelaborate yet thoroughly enjoyable program.

Activities started shortly after nine o'clock in the morning when the members—almost all of them—gathered in the K. of C. quarters in Associate building and made ready to march in a body to St. Michael's church for religious ceremonies.

About 9:15 the line headed by the Lowell Cadet band started down Merrimack street. The members of the fourth degree assembly were first to come and they were followed by the guests of the occasion—soldier members in uniform. Following were the other members of the council. The parade presented an inspiring picture.

The fourth degree members were in full regalia and the uniforms of the soldier members immediately following combined to make the scene a picturesque one.

The parade wended its way through Merrimack and Bridge streets to St. Michael's church. At 8:30 a solemn high mass was celebrated. Continued on Page 2—First Section

Giants and White Sox in Fifth Game of the World's Series

CHICAGO, Oct. 13.—The weather today was less suggestive of a ball game than of starting the Christmas shopping early. Although the New York Nationals and the Chicago Americans were to meet for the fifth game of the world's series this afternoon the line in front of the ticket window at Comiskey park did not start to form until 4 o'clock this morning. Three hundred fans were shivering in the line at daybreak. A vendor of camp stools beat a retreat about this time, as everybody was too cold to sit down. In several places there were little camp fires and a brisk business in hot coffee and steaming frankfurters was done. The weather man promised clear skies and a slightly warmer air by afternoon. Although the series stands two and two and the utmost importance attached to the conflict, scalpers' tickets were far below the prices demanded for the first two games a week ago. Box seats were obtainable at \$15 and reserved seats in the grand stand at \$10. There was no indication of changes in the lineup of players of either team from that made familiar during the first four games. The experts figure on Sallee or Poi Peritt to pitch for the visitors and Cicotte or Tebb for the locals. The cold was thought to point rather strongly toward Peritt and Russell. Chicago enthusiasts made ready for the game in spirits far different from the confidence which followed the winning of the first two games by the white stockings. At that time they considered the series as good as won but when New York blanked the team for 18 consecutive innings on the Polo grounds that feeling disappeared knee-deep in oblivion and was replaced by mere hope. The feeling was that the breaks of the game would decide the series. Only one game will be played in Chicago this trip. The sixth game will be played in New York and the seventh, if there is one, in which ever of the cities the toss of a coin determines. Playing on the home grounds was counted on by Chicagoans as a factor in their favor. Each team has won its victories at home. The Giants, helpless here, simply stood the White Sox on the heads when they got on the familiar soil of the Polo grounds. The partisans of the Chicago team hoped that it would derive similar inspiration here with the support of their friends in the stands. Two thousand persons were in line when the sale of tickets began at 10 o'clock. The national commission announced this morning that the toss to decide where the seventh game is to be played, provided one is necessary, would be made in the office of President Comiskey just before the game here today.

Veteran Bull Player at Game
CHICAGO, Oct. 13.—C. T. Page, who lays claim to being "the oldest baseball player in the world" is in Chicago today from Atlanta, Ga., to see the fifth game of the world's series. Page played ball 50 years ago, before the formation of the professional leagues. With A. C. Spaulding he formed the Rockford "Forest City" and played first base on that team. He afterward became an outfielder of the Chicago National league team.

26 OF CREW WRECKED SHIP PICKED UP
AN ATLANTIC PORT, Oct. 13.—Twenty-six members of the crew of the steamer New Orleans, wrecked off the Virginia coast in a heavy blow Wednesday, were brought here today by a vessel which picked them up just after their ship went down. Harry L. Kohlmann, the first officer, a native of Germany, was swept off the after-deck and drowned.

NATIONAL ARMY SOLDIERS TO HAVE POLITICAL RALLIES AT CAMP
WASHINGTON, Oct. 13.—Citizen soldiers in the National Army training cantonnements will not have to forego the privilege of attending political meetings this fall. Secretary Baker announced last night that he had approved an order by Maj. Gen. J. Franklin Bell, commanding at Camp Upton, New York, permitting political gatherings in camp under proper regulations, and that the ruling would apply to all the camps.

The conditions are that there shall be no interference with the serious work of training the troops and that full quality of opportunity shall be given all national parties. It is understood, also, that Gen. Bell's prohibition of disloyal utterances will apply generally.

Where the state laws provide for taking the ballots of soldiers absent from their lawful voting places by state commissions or otherwise, such polling of the troops will be facilitated by the military commanders during the municipal and state elections.

GERMAN TROOPS LAND ON ISLAND IN GULF OF RIGA

While the British offensive has come to a momentary pause with the gains effected yesterday everywhere held, a situation pregnant with big possibilities has developed on the Russian front. The landing of German troops on the island of Oesel and Dagoo, at the mouth of the Gulf of Riga, is regarded today from Petrograd. From the shore's edge, at Hapsal, opposite Dagoo Island, a railroad line runs direct to Revel, the Russian naval base on the Gulf of Finland, and thence on to Petrograd. The islands in question have themselves been bases of no little importance to the Russians, especially for airplane activities. Their seizure undoubtedly would hamper Russian naval scouting work, effectually close the Gulf of Riga to Russian use and apparently offer an excellent starting point for a land expedition for Petrograd or should be contemplated by the German command. The lateness of the season has seemed to preclude any attempt by the Teutons to make a drive toward Petrograd this year. It has been pointed out, however, that such a move could probably be carried out with comparative ease at present, with the Russian armies in their admittedly disorganized condition whereas next spring there is governmental promise of a Russian military regeneration after a winter's organizing work along the lines. In Finland the heavy rain which stopped Field Marshal's Haig's drive yesterday before all his objectives were attained was continued today, increasing the depth of the sticky mud through which the British have been struggling in their advances. The mud evidently was hampering the Germans equally, for they failed to deliver a counter attack during the night. On the French front the chief activities have been the Aisne region. The German crown prince made several attacks last night on French positions on this front. He was met with effective resistance by General Petain's forces, however, and all the assaults were repulsed.

LIBERTY BOND CAMPAIGN

Lowell's Liberty bond campaign is progressing favorably and a great deal of encouragement was given to the committee today when it was learned that the Lowell Institution for Savings had subscribed for \$100,000 worth of bonds.

The aim of the executive committee today was to reach the million dollar mark before the day's business closed. With the substantial boost which the hundred thousand dollar contribution has given the campaign and the fact that a number of other large amounts were in sight made the campaigners feel that the desideratum would be obtained.

The campaign in its various diversified channels is being waged effectively. The mill workers are gradually responding to the efforts expended in their direction earlier in the week and the trades and professions are also falling in line.

What is needed now is sustained effort on the part of all the workers and the executive committee feels that once the organization of the drive is perfected satisfactory results will follow automatically.

Liberty Loan Cottages
BOSTON, Oct. 13.—Bonds to the amount of \$12,000, were sold at the Liberty loan cottage on the common yesterday to members of the holiday throng. The cottages at the North and South stations also did considerable business.

FREE SPEECH AT COLUMBIA

In the press of this country there is a great deal of rubbish being dish- ed out to the public under the cap- tion of "Academic Freedom," refer- ence being made to the recent re- moval of two professors of Columbia University, and the subsequent resig- nation of another either out of sympathy for his colleagues or to avoid similar treatment. The two professors expelled are very distin- guished men Prof. Cattell, an eminent scholar, had an uncle in the United States senate during the Civil war and is said to have several relatives in military service of the nation at the present time. The direct cause of his removal was the writing of a letter in which he stated that Pres- ident Wilson was not elected to send conscripts to France. It is true that President Wilson received many votes on the ground that he kept the nation out of the war; but there came a time when as an American and the chief executive of the nation, he could do that no longer. Then it became his duty to consult with congress and to carry out its decrees whether for war or for peace.

President Wilson was elected to carry out the wishes of congress and through no fault of his it became his duty to muster an army for the de- fense of the nation and hence the statement of Prof. Cattell was wrong in every sense.

President Murray Butler knows Prof. Cattell and his erratic tenden- cies. He knows that the influence of such a man would have a bad effect on the students. In point of fact there was evidence to show that this actually happened inasmuch as cer- tain students of Columbia and friends of this professor were arrested and prosecuted for opposing the draft.

The other member of the faculty discharged was Prof. Henry Wadsworth Longfellow Dana, grandson of the poet whose name he bears. He was not only a supporter but an ac- tive member of the Peoples' Council which was refused the right to meet in two western cities. It must cer- tainly have been embarrassing to the trustees of the university to find a member of the faculty associated with a movement repudiated by civil authorities as "unpatriotic and dis- loyal." No university could afford to be placed in such an unfavorable light before the country. Prof. Butler saw this very clearly and acted wis- ely in removing both professors.

Then a great howl went up from all the pro-German elements and all the organs of the German propagan- da. One would imagine that the very palladium of free speech and personal liberty had been swept from its base. The criticisms had a Ger- man sound and behind some of them could be heard the jingle of German gold.

These professors longed for absolute freedom to preach sedition or some- thing very much akin to it. They have been given their freedom. They are now released from all the res- trictions that President Butler wish- ed to enforce upon the faculty of Col- umbia; but instead of carrying on their propaganda work either they or their friends are assailing President Butler for discharging them. Pres- ident Butler is the head of Columbia. He is responsible for its government, its guidance, its success. If he per- mitted members of the faculty to preach atheism Christian parents would not send their children there to be educated. Similarly, if profes- sors talked sedition or treason, par- ents who are loyal and who believe in supporting the government would not send their boys there for in- struction. Then it is plain that Pres- Butler was fully justified in his course. He cannot restrict the per- sonal freedom of professors in such matters, but if they descend to the mire of sedition or treason he can prevent them from dragging the uni- versity with them.

"Academic Freedom" that would unite the disloyal elements of this nation against the government cannot be countenanced. Under the leadership of able but misguided men, these elements might become much more dangerous than they are.

There are other colleges and uni- versities that would be greatly im- proved by a clearance of the same kind. It is well remembered that a Massachusetts college came to this city for a rank socialist and installed him as professor so that he is free to preach his hobbies and his fallacies to the students.

It would be well for the universi- ties of America if they had more men like President Murray Butler of Col- umbia.

GERMANY'S WANING POWER

Those who still doubt that it is going to be the high privilege and fortune of American armies to assist in the final smashing of the Kaiser have but to study what has been going on along the British front since August 1. The Prussian military machine is still formidable, but the as- cendancy has definitely passed to the Allies.

Colonel E. D. Swinton, inventor of the British tanks and one of the big men in the British war cabinet, which directs British army movements, recently said to a representative of this paper that in the early part of the war the French and the British virtually fought the Prussians with bare fists and bayonets. He meant

the Germans had tremendous su- periority in guns and ammunition. Slowly the Allies increased their manufactures until they finally ex- ceeded the Germans.

The results tell the story. Since August 1 the British have taken over 55,000 German prisoners, the Ger- mans have taken 15,065.

British captures of German artil- lery demonstrate that when the British determined upon an offensive they were able to push it home. They got back into enemy territory where the artillery was planted. On the contrary, the fact that Germans cap- tured no English guns shows even where they made counter-attacks they were unable to push them through the first line trenches.

This fact is more highly signifi- cant than any one or two victories in battle. Our allies' constant success is bound to have a tremendous effect upon the morale of the contending forces. Tommy goes into battle sure of the outcome. Fritz goes in feeling that he is beaten before he starts. He is a different kind of German from the one who fought in the first two years of the war.

And that is where Americans may be expected to come in strong next spring and summer. We will put into the trenches the cream of all the forces in the field. This is not a re- flection upon the gallant British and French, but they have borne the shock of battle for years. America is the last land that has a great reser- voir of fresh youth.

This young energy, enthusiasm and determination to conquer is bound to tell. It will inspire and hearten our allies. It will unnerve the Germans and make them still further doubt the use of going on and on when they know there is no chance to win.

A JOB FOR THE RED CROSS

Dr. Albert Parker Fitch, a Red Cross inspector just back from France, made a special appeal in Washington the other day for the boys who are to make up Pershing's armies.

He pointed out that when the French soldier gets leave of absence from the trenches he goes straight home to his dear ones. The English Tommy is sent across the channel. But the American boy can't travel 5000 miles. He will be bound to spend his little holiday somewhere in France.

Naturally most of the Americans will turn toward Paris, the great ro- mantic city of dreams. And that is where the Red Cross should come in, according to Dr. Fitch. Here is his vision:

A great building right on the Place de l'Opera in the very heart of the liveliest section of Paris. In this building ample quarters where many men could get a clean bed, and enjoy smoking and lounging rooms.

But, best of all, there should be a big clean restaurant, something like the popular chain restaurants fami- liar in many American cities. In this place a specialty should be made of American dishes: corned beef hash, Boston baked beans, wheat and corn cakes with maple syrup, corn bread, hot biscuit—all the things especially dear to the American palate.

And right next door there should be an American candy store where the boys could purchase the kind of sweets they are used to and where they could imbibe endless ice cream sodas.

To finish off, Dr. Fitch would have the Lamb club of New York co- operate with the Red Cross, so some of the cleverest actors and comedy singers in the country could take turns at entertaining the boys.

A very good program. It is am- bitious. It will cost some money. But the American Red Cross is ambi- tious and it has the money.

The soldiers in the trenches will not have much time to become home- sick. But when they are on leave

the longing for home will hit them right straight in their hungry hearts. The Fitch plan would give them a bit of America, a bit of home in the very centre of Paris. They would enjoy every minute of it. They would go back to the stern business at the front refreshed both in body and in spirit.

DOCTOR PARKER REQUESTS

The late Dr. Parker has done well for his city in leaving liberal be- quests to so many worthy charities. The lecture course provided for in his will, under proper management, can be made quite profitable to the community. "Economy," "Medical Hy- giene" and "Education" are subjects upon which the people need to be enlightened. The doctor did well to designate the subjects to be treated, as otherwise his money might be squandered upon advancing the hob- bies of some individual rather than the enlightenment of the community on subjects of vital interest.

The name of Dr. Moses Greeley Parker will now be listed with that of Freeman B. Shedd as the greatest benefactors of the city who have passed away.

It Made Rockland Gasp

Did you see the orange lid on our thoroughfare Friday evening? It was worn by a stylish young dresser from the back country who paid \$3 for the sky-piece. It was an outrageous tone of orange, decorated with a "fading" green band. A London air raid could not create more consternation than the appearance of the hat on the Hill Friday. Men, women and children gasped. It was actually so loud that the tones of the Emerson brass band were lost. A warrant will be issued by the friends of the young man for the arrest of the hatter who sold it to him.—Rockland Independent.

He Wouldn't Wait

An English officer, a most triscrip- as well as a most patriotic soldier, was recently leading a regiment on a long and difficult march. Wary and ex- hausted, they halted for a rest by the

wayside. A little later when it be- came necessary to move on, the lieut- enant gave the order, but the tired men remained stretched upon the ground. The order was repeated pro- emptory. Still all remained motion- less. By this time the temper of the lieutenant was at white heat. He be- lieved for.

"If you don't get up and start at once I'll march the regiment off and leave every one of you behind!"—Il- lustrated Sunday Magazine.

The Tanner's Story

One of my friends, a tanner by trade, has no love for lawyers and makes no bones of mentioning it. Indeed, it has been his favorite argument since the war started, that a regiment of lawyers should be raised, and sent to the front line trenches. But nobody paid any attention to his arguments, not even the lawyers. Now, however, he has a story that sounds good, and he is having a lot of fun telling it to all his friends. It is something like this:

"Sir Douglas Haig has an eye for small details as well as a brain for big battles. Once, inspecting a cavalry troop, he was pleased with the neat condition of some saddles that had recently been repaired. 'Very good work,' he remarked to the sergeant-major. 'Who did it?'"

"Two of my troopers, sir." "You are fortunate to have such expert saddlers in your troop." "As a matter of fact, sir," was the reply, "they are not saddlers, in civil life being lawyers."

"Well," ejaculated Sir Douglas, "how have wasted their lives over law, I can't imagine."—Salem News.

Indian Summer

There's a luminous mist on the moun- tains.
A light azure haze in the air.
As if angels, while heavenward soaring,
Had left their bright robes floating there.

The breeze is soft, so caressing,
It seems a new token of love,
And floats to the heart like a blessing
From some happy spirit above.

The days, so serene and so charming
Awaken a dreamy delight—
A tremulous, fearful enjoyment.
Like soft strains of music at night:
We know they are fading and fleet- ing.

That, quickly—too quickly—they'll end,
And we watch them with yearning
As, at parting, we watch a dear friend.

O beautiful Indian summer,
Thou favorite child of the year!
Thou dawning, whom nature caresses
With gifts and adornments so dear,
How fair we would woo thee to linger
On mountain and meadow awhile.
For our hearts, like the sweet haunts
Of nature

Rejoice and grow young in thy smile.

Not alone to the sad fields of autumn
Dost thou a lost brightness restore,
But thou bringst to a world-weary spirit
Sweet dreams of its childhood once more.

Thy loveliness thrills us with mem- ories
Of all that was brightest and best;
Thy peace and serenity offer
A foretaste of heavenly rest.

Crawford Ranges

No Finer Range in all the World than this Triple Crawford

All the desirable features of both coal and gas ranges are combined in this masterpiece:

The Convenient Gas Oven, equipped with the new and improved gas broiler which is instantly adjustable to bring the food to the required dis- tance from the flame, without touching the pan. It folds away when not in use.

Two Separate Ovens, both large and roomy, one for gas, the other for coal—both are perfect.

Five Center Heat Gas Burners, of a new and efficient type bring the heat directly under uten- sils without wasting gas.

All-in-one-control exclusive to this style, reg- ulates fire and oven with one motion. Place the knob at "Bake," "Check" or "Kindle."

Perfection of design and finish, long service and utility, distinguish Crawford coal ranges—or gas combinations.

GERMAN NAVY HEAD QUILTS

AMSTERDAM, Oct. 13.—Vice Admiral von Capelle, the German minister of marine, has resigned, according to the Frankfurter Zeitung.

Vice Admiral Eduard von Capelle was one of the administrative directors in the ministry of marine before the war and had served as captain at sea. In March, 1916, he succeeded Admiral von Tirpitz as minister of the navy. Several times since then von Capelle has appeared before the Reichstag with optimistic statements regarding the progress of the unrestricted submarine campaign, as late as Aug. 20 last defending the U-boat policy of his predecessor and later at a meeting of the Reichstag main committee.

Vice Admiral von Capelle announced in the Reichstag last Wednesday that a plot had been discovered in the navy to force the government to make peace. He said that the guilty parties had received their just deserts, and attempted to incite a revolution.

The imperial German chancellor, Dr. Michaelis, also spoke of the existence of a conspiracy in the navy, and asserted that the navy deputies were involved in the revolt.

The socialists and their newspapers have attacked both the chancellor and the vice admiral for their statements.

Fleet Paralyzed

LONDON, Oct. 13.—The inactivity of the German fleet in the Baltic sea recently, when there were obvious opportunities for attacking Russia, has been a deep blow to the Daily Chronicle from Amsterdam, was due to the military outbreak in the German navy.

The outbreak affected at least six important units of the fleet, and threw out of action and causing the authorities to doubt the discipline and loyalty of the crews of other large ships.

Troops Ignore Commander

LONDON, Oct. 13.—A despatch from the British headquarters to Reuters Limited says that a prisoner from the 72d German Infantry reserve, in describing the behavior of the troops during the last battle in the regimental commander addressed his troops with the warning that any who held back would be shot.

It was only after a general groaning, swelling into derisive laughter, upon which the commander rode away.

HARDY.—The funeral of Henry Hardy, an associate justice of the Massachusetts superior court since 1885, and civil war veteran, died Wednesday night at his home, 24 Forest street, at 10 o'clock. He had been on the bench of the superior court since 1896, and had sat on a number of notable cases in civil and criminal sessions, including the Cabot will case.

He was born in Hollis, N. H., on Feb. 2, 1847, the son of John and Mary (Fry) Hardy, and prepared his college at the academies at Mont Vernon and New Ipswich, N. H. At 19 he enlisted in the 15th New Hampshire volunteers and was in the place in the 1st division. After his discharge from the service, in 1869, he entered Dartmouth college, and was graduated with an A. B. in 1872. He then attended the law at the college by teaching during vacations. While teaching at Chauncy Hall school, Mr. Hardy studied law with R. M. Johnson, and later at the law office of John F. Elder and Thomas W. Proctor, under the firm name of Hardy, Elder & Proctor.

Judge Hardy served as town council member from 1880 to 1882, and as a member of the legislature from 1882 to 1884.

IMPORTANT ARRESTS BY THE LOWELL POLICE

One of the most important arrests made by the local police for a long time occurred late Thursday night and early yesterday morning when Henry Durand, aged 19 years of Franklin st., Edward Durand, a brother of Henry, aged 19 years and living at 17 North Franklin st., and Arthur J. McKeen, aged 16 years of 255 Fletcher street, were taken into custody, on suspicion of having broken into the market of Ambrose Vigeant, corner of Merrimack and Suffolk streets, one night during the early part of last week. The trio after being put through a rigid examination by the police admitted they had participated in 12 other breaks.

The boys carefully planned the various breaks and managed to enter places at different times and on each occasion made a getaway before being discovered by the police. The arrest of the boys was due to "tips" received by Supt. Redmond Welch.

John and Arthur J. McKeen, the leader of the trio, served on the Mexican border from July, 1916, to February of this year with Company C of the First New Hampshire infantry, and in his last year with the police, claiming that he could hit a cent at 30 yards and get 50 out of a possible 50 with either rifle or revolver.

The breaks with which the young men are connected started on July 10 and after one break in which a good haul was made it is said that they toured the beaches until the money ran out and then returned and made a series of breaks.

As a result of information which

was received by the police, the boys were taken into custody on Thursday night and early yesterday morning.

K. OF C. RECREATION HUT

Continued

ed at the church by Rev. Francis J. Mullin, chaplain of the Bishop Dooley assembly. He was assisted by Rev. James F. Lynch as deacon and Rev. Henry M. Tattam as sub-deacon. Rev. John J. Shaw, the pastor, was present in the sanctuary.

The sermon was delivered by Rev. Fr. Mullin, on "Catholic Citizenship" and in the course of his address drew many profitable lessons from the meaning of Columbus day and its import to the western hemisphere.

"Columbus day has a twofold object for the Knights of Columbus," he said, "first, we enter in with the state in observing the civic holiday and secondly, we honor Columbus because he planted the cross of Christ wherever he went. We honor him as a son of the church, as a Catholic. Your order is a religious order, and the devotion to God and country and the love for God and country are thus endeavoring to develop the highest type of Catholic citizenship."

"The Catholic is a good citizen when he is first of all, a good Catholic; the one is the basis of the other. St. Paul says that all civic power cometh from God."

Advertising to the war, Fr. Mullin spoke eloquently of the part which Catholics are playing in the terrible struggle for world freedom. He said that the Catholic soldier is making history now as he did in 1776, in '61 and in 1917. He is the best, the bravest and the most loyal of the nation, and his devotion to his country is not for a moment lessened by the fact that the church is not or has not done its bit.

"Francis, ever the fairest daughter of the church, even though she has in recent years almost shut out the light of the gospel by her civic measures and has excluded her priests, his wife, his children and his countrymen, has nevertheless the noblest spirit and the noblest heart, responding to her call to arms and taking their places in line to fight for the tri-color."

On the other side of the great conflict, across the Rhine in Germany, Catholicism has been the backbone of the fatherland, and the support of the fatherland has been the backbone of the Catholic church in Germany.

Despite the fact that the German government has endeavored to adopt restrictive measures affecting the church and its mission. These are but a few of the examples of loyalty to the Catholic church in Germany.

"In this country the church enjoys a free and uninterrupted right to go forward in its mission and the members of the Knights of Columbus can best be good members of the Catholic church if they cleave to those principles which make for right living in a world of sin and evil."

After the mass the members marched back to their rooms and were dismissed.

Off to Camp Devens

This third of the observance was again taken up shortly after 4:30 in the afternoon when the members assembled at the Elks' rooms in Middle street preparatory to traveling to Camp Devens to assist in the dedication of the new Knights of Columbus building at the encampment.

Members of the K. of C. council had kindly promised to loan their machines for the occasion and they were up to their promises splendidly. A long line of specially autos awaited Commissioner James L. Donnelly when he and others were to make a trip to the building in Middle street to be assigned to machines. The commissioner was in charge of arrangements and under his direction everything worked off smoothly. Shortly after 6 o'clock a motorcade of the K. of C. council and the trip to Ayer was made in quick time.

The trip, at Camp Devens is located on the western side of the road near the drill grounds. A large sign announcing its presence has been placed at the foot of the slope upon which the building is to be erected. The building is a large one, at least 100 by 50 feet and is a two-story building. Two large doors offer admission and as one enters he first meets the secretary or one of his assistants, and on either side of the entrance are located and all questions and inquiries in regard to K. of C. work are answered here. Looking down the length of the building one is struck by the fact that the building is a large one, at least 100 by 50 feet and is a two-story building. GOOD HORSE RACING AT GOLDEN COVE PARK

The Lowell Driving club staged some very good races at Golden Cove park yesterday afternoon and a crowd of about 1500 enjoyed the sport immensely. The track was not in the pink of condition, but some fairly fast heats were pulled off. The day was all that could be desired and had the track been in better shape conditions would have been ideal. It was encouraging to the members of this progressive association to see so many present and the out-of-town men who had horses here and who participated in the racing were heard to say very many nice things about the track and its location. One man said the track could be made one of the best half-mile tracks in the country.

The summary of yesterday's races was as follows:

2.25 mixed: Adrien (Sheed) 1 1 1 Smiley Boy (Read) 2 7 2 Rumsey (Lacomb) 3 2 2 Bingham (Cohen) 4 4 4 Redline (Compro) 5 6 2 Spahola (Winchester) 6 3 2 M. E. Hazelwood (Manning) 7 9 8 Jackson (Green) 8 6 6 Lady Premier (Kynn) 9 8 9 Time, 2:24 1/2, 2:25 1/2, 2:25 3/4.

2.17 pacas: Foxey Grand (Daigle) 1 1 1 Justice (Holland) 2 4 4 Dolly Frisco (Foster) 3 2 2 Winglocks (King) 4 3 3 Time, 2:20 1/2, 2:19 1/2, 2:18 3/4.

FLETCHER NOW BOWLING ON THE GREEN CHAMPION AT BUNTING PARK

Bowling on the green was enjoyed at Bunting park yesterday, 40 contestants participating in the game. The two champions, James Fletcher and George Bailey, were picked as probable winners, but they did not show their old-time form. Michael Murphy, Edward Berry, James Fletcher and George Bailey out-bowled their rivals. In the semi-finals Murphy and Berry were eliminated, and Fletcher and Bailey were left to fight for first honors. Fletcher winning by a narrow margin. Fletcher is now the champion, which title he will hold until some future event when a fellow-member defeats him.

LOWELL HIGH LOSES TO LAWRENCE ACADEMY

Lowell high lost to Lawrence academy at Spalding park yesterday morning by a score of 2 to 0. Lawrence gained her two sole points as the result of a safety in the second period. The game was played in the presence of a real holiday crowd, more than 1500 being present. Ideal October weather helped to make the contest a fast one.

The teams were about evenly matched both in weight and general football skill. Lawrence academy had a slight advantage in that three of her players were old Lowell high men and were familiar with the local code of signals. Time and time again the visitors were able to anticipate and break up the Lowell offense.

Capt. Arthur Lynch, one of the Lowell men playing with the visitors, was practically their whole team. He played the same sterling game which was characteristic of him during his career with the local eleven and the local student cheering section resounded with his name more than once in the course of the game. "Bill Brown at right guard and Alfred Whitaker at right end, two other Lowell men, also played a good game for Lawrence. But Lynch at fullback was the dominant factor of the game.

In the Lowell trenches Capt. Dan Coughlin put up an excellent game and covered areas of ground. Dacey and Levalle, ends, played much the same game as last Saturday when they helped to a great extent to keep St. John's to a zero score. Fred Mahoney, Thumma, Richards and Marlin were other Lowellites to illuminate the contest.

The two points which gave Lawrence academy the game came in the second period. Richards attempted to execute a punt from the 15 yard line, but the pass to him was out of his reach. It rolled behind the local up-rights and was stranded there before it could be brought back to safety. Thus Lawrence academy got her two points on a skimpy play.

A detailed account of the game would not provide many thrills. The majority of the plays were of the stereotyped order.

The first period consisted of a series of rushes by both teams which netted negligible gains. In the second act Lynch made a rush through right tackle for 15 yards and then near the close of the period the "Horse" score came. An excellent tackle by Dacey and a number of forward passes well executed by Lowell featured the second half of the contest. The game ended with Lowell on the offense.

The line up:

Lowell	Law. Academy

INDIANS TOO MUCH FOR NAVAL FOOTBALL TEAM

The Indians defeated the Naval Reserve football team of Boston at Spalding park yesterday afternoon by a score of 14 to 6. Despite the fact that the Indians were outwitted by their opponents they managed to score two touchdowns. This was the first game played by the Indians this season and the showing made yesterday is very encouraging to admirers of the team.

The lineup and score:

Indians	Naval Reserve
Donnellan (captain) re	Granger, Kane
Poullot rt	McMahon
Monroe rg	McMahon
Flynn c	McMahon
Reynolds lg	McMahon
Justin lt	McMahon
Desmond lb	McMahon

Score: Indians 14, Naval Reserve 6. Touchdowns: Tove, B. Donnellan, G. H. Goals from touchdowns: McIntyre, 2. Referee: Roane, Umpire, Howard. Timers: Roarkie and Sullivan. Linesmen: Evans and Stevens.

K. OF C. BOWLING LEAGUE

The formal opening of the Knights of Columbus bowling league will take place on the Merrimack alley in the Stock Room aggregation and building Monday night. Chairman Edward P. Slattery, Jr., of the bowling league committee, announces that everything is in readiness for the season. Eight teams have already signified their intention of participating in the tournament but it is expected that two more teams will be added before Monday.

The bowling committee consists of Edward P. Slattery, Jr., chairman; Thomas J. Fitzgerald, treasurer; James J. Molloy, secretary. The schedule provides for 25 weeks, with bowling on each Monday and Friday night. The league captains thus far chosen are: Richard J. O'Brien, Thomas Ryan, James O'Day, P. Conannon, Edward P. Slattery, Jr., Peter Savage, Joseph Donohoe and James Murphy.

WORLD'S SERIES AT ROLLAWAY

On Monday the fifth game of the world's series will be reproduced on the great electrical board at the Rollaway rink at 2 o'clock. Every play is given just as it occurs.

ZBYSKO'S EXEMPTION

SACO, Mo., Oct. 12.—The case of Waldemar Zbyzsko, a Polish wrestler, who was denied by York county No. 1 division board, the state board and appealed to President Wilson, was yesterday referred back to the board here. Zbyzsko, who is now at Camp Devens, in a claim filed after he reached camp, said he had a mother, aged 65, and a widowed sister with five children, all living in Austria, who are dependent upon him.

"There is also my reputation as the world's champion wrestler," he continued in his claim.

"I have been drafted because I took them out merely as a possible asset in the future. I have been exempted from military training in Austria because of dependent relatives and of the noted position I hold in the world of sports."

TOMMY GAVIGAN EASY FOR TOMMY ROBSON

Tommy Robson of Malden scored an easy victory over Tommy Gavigan of Cleveland before the thirty club in Lawrence yesterday afternoon. Gavigan substituted for Soldier Barfield, who, it was announced, broke his arm in New York Thursday night.

Robson led in every round and the outcome was never in doubt. Gavigan took some terrible punishment. His gameness and ability to clinch continually enabled him to stay for 12 rounds.

LOWELL GUN CLUB

A well attended and hotly contested trap shoot was held by the Lowell Gun club at its grounds in Chelmsford Centre yesterday afternoon. There were two classes of contestants. The first included four entrants with scores as follows: Burns, 23; Morrison, 29; Landstrum, 29; Peeling, 20.

The second class entrants, with scores, were as follows: Smith, 23; McKittrick, 29; Smith, 21; Rowe, 19; Brady, 17; Hardy, 17; Holmes, 17; E. Anderson, 16; Rabour, 15; Byam, 14; Carr, 13; H. Anderson, 12; Sullivan, 11; McCarthy, 11.

Sullivan prizes were awarded the first two men in each class.

BLEACHERY BOWLING LEAGUE

Three games were played in the Lowell Bleachery bowling league Thursday night, but there was an absence of big scores. The Bleachery team gained three points from the Stock Room aggregation and the Office Crew took all four from the Shoe Duck.

The Bleachery team split even. Whitelock of the Packing Room team was high man, having a single of 123 and a trip of 285, being the only man to shoot the pins over the 300 mark. The scores:

The City Minor bowling league, which enjoyed such a prosperous season last year, will be reorganized next Monday night, when a meeting will be held at the Crescent alleys at 8 o'clock.

GIANTS NOW FAVORITES

NEW YORK, Oct. 12.—Baseball fans in New York were offering odds of 5 to 4 today that the Giants would defeat the White Sox at Chicago this afternoon. A number of bets of 10 to 1 were made that the Giants would win the series. Giant money, which was scarce up to the day before the opening game, is now much in evidence here.

WAR CAMP COMMUNITY RECREATION WORK

At the suggestion of President Wilson the directors of the Lowell board of trade have been called on to get their organization behind the campaign to raise a national fund for war camp community recreation work. The purpose of this is to inspire the men, increase the efficiency and help develop the fighting spirit of the American armed forces. Features of this big work include the providing of wholesome, healthy environment in the communities surrounding the ninety or more training camps and posts.

John N. Willys, of Toledo, automobile and aeroplane manufacturer, appointed jointly by the directors of War and Navy, and Secretary of the Navy, has been named as chairman of the national committee on the war camp recreation fund, has written a letter to each of the following, asking their assistance in this vitally important war work.

Patrick O'Hearn	D. M. Cameron
James C. Kelly	E. J. Campbell
John A. Hunnewell	D. F. Carroll
Jude C. Wadsworth	L. L. Chaffoux
P. J. Barker	P. J. Chandler
Wm. H. Bolger	J. K. Whittier
Edw. B. Carney	Stanley E. Qua
Wm. F. Hills	Geo. H. Runds
James J. O'Brien	John J. Sullivan
Irvine D. Kimball	Gene J. B. Delys
Jesse H. Shepard	Harry Dunlap
Walter S. Watson	Fred. A. Fisher
Edward J. White	Warren J. Fox
Jas. F. Owens	Ab. Goldman
Alonzo G. Walsh	E. F. Hayward
W. A. Smith	Thos. F. Henry
Wm. H. Crane	Wm. J. Sullivan
G. M. Harrigan	John H. Murphy
Robt. F. Marden	T. J. O'Donoghue
Geo. Bowers	

The public, it is pointed out, must be made to realize that they must help to win the war. The "first victories" will be won in America, and will depend on the way in which those who stay at home conduct themselves and heed the men who are ready to fight and die that democracy may live. The work for the soldiers and sailors in the communities outside the camps should not be confused with what is being done for their entertainment and recreation by the YMCA, the YWCA, the YMCMB, and in other ways during their leisure hours in camp.

Mr. Willys summarizes the big purpose of the war camp community recreation fund when he says:

"The spirit of the new American army is to be made in the next few months. Here numbers do not make an army; millions of soldiers who lack the fighting spirit can retreat without a struggle. The American people must know that the ideal of civilization are in their hands, that the folks at home are living and fighting in their hearts."

"Imagine your boy at a training camp," he says. "Where shall he go? and what shall he do when he gets there? The cities, the towns, the villages, the country, all of a national fund it will be impossible to supply the equipment and the trained personnel service needs, say to a recreation system A through Z."

It is planned to furnish enlisted men with monthly in local social clubs, to promote wholesome amusement in pub-

It Isn't So Bad As All That

All this talk about the wool scarcity and high clothing prices has given some people the idea that good all-wool suits are already sky-high. When they start out to buy clothes in that frame of mind they fall easy prey to the "clothing profiteer" who takes advantage of the situation to charge exorbitant prices.

President Wilson, in a letter which Mr. Willys enclosed with each of his communications, says of the community service:

"The spirit with which our soldiers leave America, and their efficiency on the battle fronts of Europe, will be vitally affected by the character of the environment surrounding our military training camps."

Commenting on the acceptance by Mr. Willys of the national chairmanship of the war camp community recreation fund, President Wilson wrote:

"Mr. Fossick tells me that you have agreed to accept the chairmanship of the war camp community recreation fund, and I am writing to express my appreciation of your willingness to serve, as well as my hopes that the work of you and your colleagues will meet with every success."

Prominent members serving on the committee with Mr. Willys are: Samuel B. Rotford, Buffalo, N. This money will be used in a hundred ways, such as building and maintaining clubs for men, arranging dramatic, moving picture, musical and numerous other forms of entertainment in auditoriums, clubs, schools, churches, and private homes. In short, to see to it that the community around the camp is as "near home" to the men as possible.

TWO WHITE MEN GUILTY IN RACE RIOT CASE

BELLEVILLE, Ill., Oct. 12.—Herbert Wood and Leo Keane were found guilty yesterday afternoon of the murder of Scott Clark, a negro, who died as a result of injuries received in the recent race riots in East St. Louis.

The penalty was fixed at 14 years imprisonment. Wood and Keane were the first white men to be tried on charges growing out of the race riot. Keane is only 17 years old. The jury was out two hours. Ten negroes were found guilty last Sunday, and each was given an indeterminate sentence of 14 years.

Murderer Killed

DANVILLE, Va., Oct. 12.—Walter Clark, a negro, who murdered his wife

in their home yesterday, and afterwards barricaded himself in a house, where he shot and killed policeman McRae, who attempted to arrest him, and then probably fatally wounded Deputy Sheriff Boisseau, was killed when he attempted to escape from the building in which he had taken refuge.

Fire was set to the building and the negro was forced by smoke and flames to leave the structure. His body was riddled with bullets.

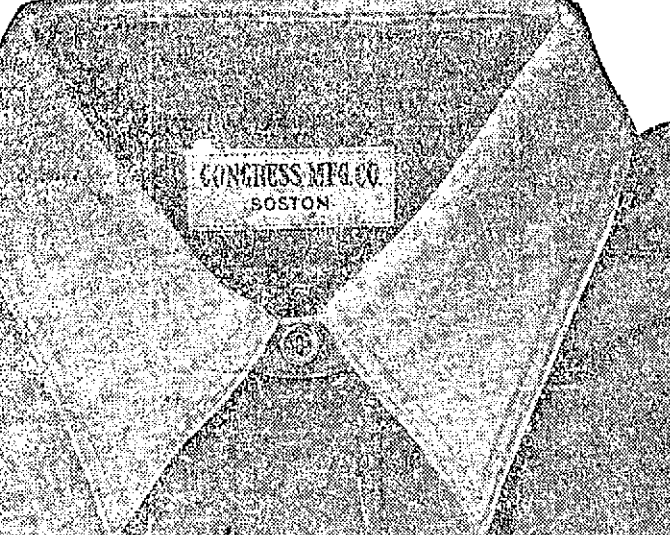

Andrew J. Parkinson and William Wells, wounded in the fusillade, were removed to a hospital, as was Boisseau, who is in a dying condition.

AUSTRIAN PREMIER SAYS GOV. ERNMENT READY TO COMPLY WITH POLISH DEMANDS

ZURICH, Switzerland, Oct. 12.—Dr. von Seydler, the Austrian premier, according to a despatch from Vienna, has informed Deputy Daszinsky, the Polish leader, that the government is ready to comply with the Polish demand regarding Galicia, including the restoration of civil administration. This surrender to the Polish party gives the premier a majority in the Reichsrat in securing the passage of this budget.

COALITION CABINET IS FORMED IN CANADA

OTTAWA, Ont., Oct. 13.—With the swearing in of nine new cabinet ministers yesterday the members of the liberal party, who see in compulsory military service the only solution for bringing forth the full strength of the dominion in prosecution of the war, have joined hands with Sir Robert Borden and completed the rupture between themselves and Sir Wilfrid Laurier, which started with the introduction of the compulsory military service bill in the house of commons.

The new coalition cabinet will have equal representation of conscription liberals and conservatives, while two of the liberal selections, F. B. Carroll of New Brunswick, slated for minister of marine and fisheries, and Geo. Murray, premier of Nova Scotia, who is intended for the labor portfolio, have not yet consented to join the government, it is expected to be only a question of hours before they do so.

Fugate and Oliver With Laurier

This lines up the leaders of the two parties for the coming election as straight supporters of compulsory military service or straight opponents of this method of reinforcing Canada's fighting forces overseas, with Sir Wilfrid Laurier chief of the latter and having as his lieutenants Frank Oliver and William Fugate, who were members of his last cabinet.

There is some doubt as to where the new arrangement leaves George P. Graham, minister of railways under the Laurier administration, and J. E. Burke, chief liberal whip, both of whom voted for the military service bill at its third reading, although declaring themselves in favor of conscription or wealth as well.

As matters stand at present it is a little difficult to predict who will be found opposing the new coalition, and who will be supporting it when it goes to the country in the elections, but it is a pretty safe guess that sentiment in favor of compulsory military service will be found lined up solidly behind it.

The members of the new union government who were sworn in are: Laurier and secretary of state for external affairs, Sir Robert Borden (conservative).

Minister of militia, Maj. Gen. Newburn (liberal).

Minister of veterans service, Sir Edward Kemp (conservative).

Immigration and colonization, J. A. Calder (liberal).

Interior, Arthur Meighen (conservative).

Agriculture, T. A. Crook (liberal).

Customs, A. I. Sifton (liberal).

President of the privy council, N. W. Rowell (liberal).

Railways and canals, J. D. Reid (conservative).

Secretary of state for mines (new), Martin Burrell (conservative).

As minister of overseas service, Sir Edward Kemp succeeds Sir George Perley, who becomes Canadian high commissioner at London, in which capacity he has been acting temporarily.

Frank Cochrane was appointed chairman of the board of directors of the Canadian Northern railway.

Col. C. C. Ballantine and Hugh Guthrie, liberals, were sworn in as minister of public works and solicitor general, respectively, last week.

Of the new liberal members, Mr. Crook represents the western grain growers, J. A. Calder is from Saskatchewan and Gen. Newburn, Mr. Lowell and Mr. Guthrie represent Ontario.

Albert Roosevelt, a one-legged chauffeur of Chicago, who had lost his right leg in order to share the cost of shoes with him, has made the acquaintance of R. E. Van Horne, Vaudeville star, and Roosevelt responded with the left.

PREMIER KERENSKY OF RUSSIA WANTS TO VISIT FRANCE

PETROGRAD, Oct. 12.—Premier Kerensky is slightly ill and has been confined to his bed since his arrival at general staff headquarters at Mohilev. The premier telephoned today to Vice Premier Konovalov, saying that he was much pleased over the condition of the army in which there was better feeling between the officers and men. The premier expects to visit all the fronts before returning to Petrograd.

LIBERTY LOAN COMMITTEE

The following committee has been appointed in Billerica to receive subscriptions for the Liberty loan: Everett S. Hull, Harold T. Nowell, Prescott L. Fasho, Martin Conway, Charles H. Paine, Edgar P. Seale, Alexander M. Adams, J. H. T. Smith, Charles H. Mrs. William H. Sexton, Mrs. Henry D. Livingston and Mrs. Frederic S. Clark.

PARIS, Oct. 12.—The suggestion that President Wilson visit Europe is made by the information in its leading editorial article yesterday. It says the allies need the president's counsel, that his influence would be powerful in establishing unity in regard to democratic ideals, and that such a visit would be of advantage also to America.

HIGHLAND CLUB GIVES FAREWELL BANQUET TO MEMBERS ASSUMING MILITARY DUTIES

The members of the Highland club gave a farewell banquet and reception to six of their younger members Thursday evening on the occasion of their departing from Lowell to assume military duties. All the men have enlisted in the signal corps of the regular army.

Nearly 75 fellow-members of the club were on hand to assist in the sendoff. After an excellent banquet had been enjoyed a number of addresses of an appropriate nature were delivered, and the speakers included Mayor James E. O'Donnell, George H. Spillane and others. Commissioner James E. Donnelly sang several numbers in his characteristic manner.

President Albert G. McCurdy was the presiding officer, and he named James E. Owens as master of ceremonies. Gen. H. Spillane presented, among other gifts, a shaving set to each of the guests of honor and wished them the best of luck in their new work. Mayor O'Donnell addressed the young men in a congratulatory vein and expressed his hope for their safe return.

Gray's orchestra furnished the music for the evening, and the remainder of the program was of an informal nature.

The young men in whose honor the banquet was held are: Edward B. Besse, Robert M. Erdis, George F. Langavlin, Paul H. O'Donnell, Daniel W. Potter and Robert C. Potter.

Pres. G. Langavlin was chairman of the committee on arrangements.

LOCAL RED CROSS WORKERS FACE HIGH COST OF WOOL PROBLEM

The local Red Cross workers are facing an annoying situation at present because of the high cost of wool which is used in knitting garments for the soldiers. At present 2000 pounds of the "downy" are consumed in a month and wool costs something like \$1.50 a pound at wholesale rates.

In order to keep up with the ever increasing demand for wool by workers the purchasing agent of the local chapter has sent in an order for 5000 pounds and this involves an expenditure of \$7500. A commendous drain on the financial resources of the organization. The wool is given out free of charge to people who are in need of garments for the soldiers and the result is that the society has to stand the full expense of the work. If the prices were a bit more reasonable or if there were not such a demand for the finished articles, the society could probably keep the work going, but under the present circumstances it is feared that some method of meeting the initial outlay will have to be found.

50,000 AT DEDICATION OF COLUMBUS PARK IN SOUTH BOSTON

BOSTON, Oct. 13.—Under ideal weather conditions, in the presence of a concourse of people numbering close to 50,000 the dedication of Strandway park, South Boston, to be known hereafter as Columbus park, took place yesterday morning. The exercises began with a mass celebration by William Cardinal O'Connell, Mayor Curley, Capt. Rush, commandant of the navy yard, and scores of other prominent men in the city and state were present.

During the flag-raising exercises following divine service, a hydroplane, operated by Lieut. Godfrey, circled the park at heights ranging from 500 to 2500 feet, and dropped thousands of circulars bearing the Liberty loan.

An illuminated yacht pageant, fireworks display, band concert and patriotic movies were evening features of the memorable celebration, although the rain cut short the programs.

PLAN 80 SOLDIERS CAN NOTIFY POLICE AT HOME OF SAFE ARRIVAL

BOSTON, Oct. 13.—Soldiers departing for the front, who wish their parents to know in the shortest possible time of their arrival on the other side of the Atlantic, may arrange this by writing a letter addressed to their home address and leaving it with the postal service of their military organization, at the point of embarkation. When official news arrives that that organization has reached England or France, and met before the letters will be mailed, and the parents of the soldiers will learn of their arrival more quickly than in any other way. These letters must be left open, as a courtesy to the censor.

INCREASE IN WAGES

Notices to the effect that an increase in wages will go into effect Nov. 1 have been posted in the various departments of the War-Lowell shops, and met before the letters will be mailed, and the parents of the soldiers will learn of their arrival more quickly than in any other way. These letters must be left open, as a courtesy to the censor.

Most Old People Are Constipated

The wear of years impairs the action of the bowels. As people grow older they restrict their activity, neglect to take sufficient exercise, and indulge a natural disposition to take things easy. The digestive organs become more sensitive to the demands made upon them and rebel more quickly.

It is of special importance to the health of elderly people that the bowels be kept normally active. A mild, yet effective, remedy for constipation, and one that is especially suited to the needs of old folks, women and children, is the combination of simple laxative herbs with pepsin found in drug stores under the name of Dr. Caldwell's Syrup Pepsin. It costs only fifty cents a bottle, and should be in every family medicine chest.

A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

Our navy keeps up its continual watchfulness—its guarding of the sea-lanes, looking for the hidden enemy. We now know that the advice of our great commanders—"In time of peace prepare for war," was right and good advice. In the same way we should guard our health from the hidden attack of uric acid, before men could be drafted into this war, they had a thorough physical examination in which their kidneys were tested, and a large percentage were turned back because of defective kidneys.

Before an insurance company will take a risk on your life the examining physician will test the water and report whether you are a good risk. When your kidneys get sluggish and you suffer from backache, sick-headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The uric is often cloudy, full of sediment channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience.

A remedy, called "AN-URIC," has been discovered by Doctor Pierce in his hospital practice, which he believes is more potent than lithia. It will ward off backache, headache, and the darting pains and aches of rheumatism—of those diseases which are caused by too much uric acid, such as gout, asthama, sciatica, or sore, stiff, aching joints.

Doctor Pierce, chief physician at the Invalide Hotel and Surgical Institute, Buffalo, N. Y., has been testing this wonderful medicine for the relief of over-worked and weakened kidneys. This relief obtained by sufferers has been so satisfactory that he determined to place "AN-URIC" with the principal druggists here where people could get this ready-to-use medicine.

Those who started the day with a backache, stiff legs, arms and muscles, and an aching head worn out before the day began because they were in and out of bed half a dozen times at night, are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric Tablets. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the "Anuric," send ten cents to Dr. Pierce for a large sample package. This will prove to you that "Anuric" is the most perfect kidney and bladder corrector. If you are a sufferer, ask your best druggist for "Anuric."

To Be Sold to the Highest Bidder

Sealed bids will be received at the office of the Commissioner of Public Property and Licenses at City Hall on Saturday, October 20th, 1917, at 11 A. M. for the building numbered 356 Gorham street.

This property consists of a three story wooden frame building with mansard slated roof and a two story mansard roof ell and of excellent construction.

It was formerly occupied as a residence by one of the head officials of the Bleuchery corporation. The real value of the property can not be appreciated without a thorough inspection of the building. For this reason the building will be open on October 17th and 18th from 9 A. M. until 5 P. M.

This building will be sold exclusive of the land and must be torn down or moved from its present location before November 10th, 1917.

Each bid must be enclosed in a sealed envelope and as a guarantee of good faith must be accompanied by cash or certified check for 10 per cent of the amount of the bid. Said amount to be forfeited should the successful bidder fail or refuse to pay the balance of the amount agreed upon before October 24th, 1917. Otherwise deposit will be returned immediately.

For order, FRANCIS A. WARNOCK,
Commissioner of Public Property and Licenses.

CRAFT WENT ASHORE AND MAN DROWNED

GLOUCESTER, Oct. 12.—Louis Dennimore, aged 38, of Plymouth, one of the crew of the 12-ton schooner C. and M. Tarbox, was washed overboard in a gale at 5 yesterday afternoon while the schooner was crossing the bay and two hours later the craft ran ashore on Pavilion beach. She was hoisted off by the big power boat of the Gloucester coast guard, under direction of Capt. King.

The Tarbox, Capt. Alfred Holland, hails from Eastport. She was bound from Plymouth to Portland with a load of herring. Dennimore, who was on his first trip in the craft, was at the wheel when the wind developed into a southeast gale. An odd motion of the vessel told the captain and John Perry, mate of Eastport, who were in the fore-cabin, that something was wrong and they went on deck to find the wheel uncontrolled and Dennimore gone.

Capt. Holland decided to run into this port, but after entering the mouth of the harbor he became confused in his course and the craft ran straight ashore on the beach. Capt. King was quick to render assistance. The powerful searchlight at the John Hays Hammond, Jr., radio station was played on the spot until the schooner was pulled off.

The police are investigating both accidents.

LOWELL BOYS IN THE NAVY

THE DAY'S NEWS AT CITY HALL

John Miller Mizer, Jr., residing at 29 Ash street, enlisted at the local navy recruiting station on Sept. 28 as a landsman for electrician (radio). He is now under instruction in wireless and is being sent to Boston after his enlistment in Lowell and then was sent to the New York navy yard for a course of instruction in an electrical class. From there he was sent to Harvard for naval instruction.

The letter which he wrote to his father and which was received in Lowell recently is in part as follows:

"Harvard Radio School. I arrived here today and it is some place. I am sending you a picture of the building in which I am now being instructed. It is a fine building, not only in our room, but in the building. They've treated me fine in the navy and I have certainly had a chance to make good. It is a wonder that men don't in the navy. If the opportunities given me are typical of those given others."

Mizer will be given expert training at Harvard and very likely will be placed on one of Uncle Sam's dreadnaughts where specially qualified men are always in demand.

Lowell boy who gained six pounds since he left Lowell.

William B. Wiggin, son of Mr. and Mrs. E. H. Wiggin of this city, has been ordered to the navy in connection with the 52nd service battalion of the 20th division.

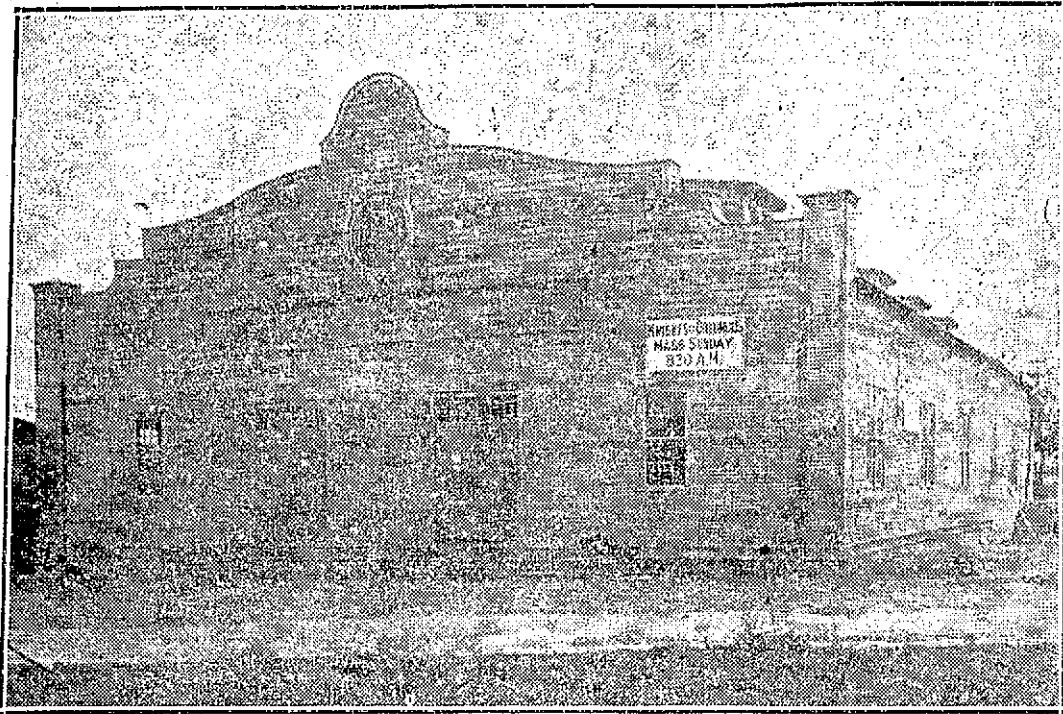

The Boston & Maine railroad says that it is impossible for the road to grant the request that men at Ayrer be allowed reduced rates when traveling to nearby cities from the cantonment. War conditions is the reason given for the refusal.

TRANSFER 78,000 DRAFTED MEN

WASHINGTON, Oct. 13.—The war department made public today details of the orders providing for the transfer of 78,000 men from National Army cantonments to the various National Guard divisions to fill them to war strength. State quotas in this process will be determined upon the basis of congressional representation and so far as practicable, the drafted men from a state will be assigned to National Guard units from the same state.

YESTERDAY WAS BIG DAY FOR KNIGHTS OF COLUMBUS; RECREATION HUT DEDICATED AT CAMP DEVENS

THE K. OF C. RECREATION HUT AT CAMP DEVENS
Photo by J. M. Dinneen

The Knights of Columbus headquarters building at Camp Devens on the western side of the main camp road, near the drill grounds, is now open and a cordial invitation is extended to all, regardless of creed, to visit the K. of C. headquarters at any time and make free use of the facilities afforded for rest, recreation and entertainment. Make this building your own for meeting your friends, writing letters, reading, telephoning and entertainment.

Mass will be celebrated at this building every Sunday at 8.30 A. M. Ayer Council, Knights of Columbus, invites all, whether members or not, to visit its rooms on the third floor of Page block, Main street, Ayer. Make these rooms your headquarters when in town.

Lowell council, Knights of Columbus, observed Columbus day fittingly yesterday with an unelaborate yet thoroughly enjoyable program. Activities started shortly after nine o'clock in the morning when the members—almost all of them—gathered in the K. of C. quarters in Associate building and made ready to march in a body to St. Michael's church for religious ceremonies.

About 9.15 the line headed by the Lowell Cadet band started down Merrimack street. The members of the fourth degree assembly were first to come and they were followed by the guests of the occasion—soldier members in uniform. Following were the other members of the council. The parade presented an inspiring picture.

The fourth degree members were in full regalia and the uniforms of the soldier members immediately following combined to make the scene a picturesque one. The parade wended its way through Merrimack and Bridge streets to Sixth and St. Michael's church. At 9.30 a solemn high mass was celebrated. Continued on Page 2—First Section.

our success. Economically, and as regards raw materials, our position today is stronger than that of France or Italy. How far England will be able to make her supplies last cannot be predicted.

"But the decisive factor is that while we supply four-fifths of our economic needs from our own productions England has to fetch four-fifths of hers from overseas.

We are now at the fateful hour of our existence. Germany cannot maintain her position as a world power against England unless her position is founded on might."

AN ATLANTIC PORT, Oct. 13.—Twenty-six members of the crew of the steamer New Orleans, wrecked off the Virginia coast in a heavy blow Wednesday, were brought here today by a vessel which picked them up just after their ship went down. Harry L. Kohlmann, the first officer, a native of Germany, was swept off the after-deck and drowned.

AROOSTOOK CUT OFF BY HEAVY SNOW STORM
ROULETTE, Me., Oct. 13.—For nearly 24 hours all telephone and telegraph communication out of Aroostook county has been at a standstill owing to the second large snow storm in 48 hours, lasting from late last night until early this morning.

More than six inches of snow fell. Owing to the heavy foliage still on the trees, the snow in many instances broke them down. Nearly highways were impassable this morning as the result of the trees that had fallen in the roads.

The Aroostook Telephone company sustained a damage of several hundred dollars and tonight only a partial service is being maintained.

RANGOR, Me., Oct. 13.—As a result of the first snowstorm of the season Thursday 400 telephones are out of commission here. Telephone officials say that it will take two weeks to get everything to rights.

DR. T. J. KING,
DR. J. E. ROBILLARD,

The foremost painless dentist of New England.
One of Lowell's Leading Dentists.

STATEMENT OF DR. ROBILLARD:
I have practiced dentistry in Lowell for years and during this time I have given satisfaction to the people of this city. To make the big success that my ability and ambition demands I am obliged to avail myself of our latest wonderful improvements now being used by Dr. King, and I do not hesitate to admit the superiority of the King's system of Painless Dentistry. I hope my patients will agree with me that I am doing the right thing in joining with a reputable dentist who has made an enviable position for himself and his methods in our city.

IF I HURT YOU DON'T PAY ME
No pain and a small per cent. over the cost of the best materials money will buy is a combination that cannot be beat. Get the other fellow's price for his best, then compare it with mine, is all that I ask you to do.

If you want the best—a set of teeth that defies detection in the mouth—the Natural Gum is the set you must have. Used in my office exclusively.

FRENCH ARMY NOW NUMBERS 2,700,000

NEW YORK, Oct. 13.—France has for a year been producing 250,000 shells a day for the famous "75" guns as compared with 12,000 daily when the war began. Andre Tardieu, high French commissioner in the United States said in a statement here yesterday.

His estimate of credits voted by France from August of 1914 until America entered the conflict was nearly \$1,000,000,000, of which more than \$1,500,000,000 came, he said, from the savings of the French people.

"In 1914 we had only 300 heavy guns, organized in regiments," Mr. Tardieu continued. "Now we have more than 800. Besides, we gave more than 800 heavy guns to our Russian, Roumanian and other allies."

More than two-thirds, and nearly three-fourths, of the western front is still occupied by the French army which has 2,700,000 men in the field. "In our country the amount raised by annual taxes reaches this year 5,500,000 francs, which is the highest figure ever attained even in time of peace, although 12,000,000 French people are either mobilized for the army or the factories, or kept in invaded regions."

"For more than 40 years we kept in our hearts that open wound, Alsace-Lorraine. And we did not make war, we suffered in silence. Our brothers were victims of the most hideous system of police oppression that was ever inflicted upon a free people. We knew it and stood it because we wanted peace."

SEN. LA FOLLETTE ASKED TO EXPLAIN TUESDAY

WASHINGTON, Oct. 13.—Senator La Follette of Wisconsin has been invited to testify next Tuesday before the subcommittee of the committee on privileges and elections, conducting an inquiry into certain statements made by Mr. La Follette at St. Paul before the Non-partisan League last month, for which he was charged with disloyal and seditious utterances.

LOWELL BOY GUNNERY SCHOOL HEAD
Lieut. Arthur F. Woodies, formerly of The Sun, is at Camp Mohawk in Canada, where he is in charge of an aerial gunnery school, and he has 120-odd cadets, Americans and Canadians, under his protecting wing. Camp Mohawk is 139 miles east of Toronto, and in letters to friends in Lowell, Lieut. Woodies has said many nice things about Canadian hospitality. He says he has met some splendid families and the welcome sign is ever out.

Lieut. Woodies is a Plattsburg graduate and went to Canada from Ayer about six weeks ago. He has made wonderful strides and pronouncements have come quick and fast. He has spent most of his time at Camp Borden, 52 miles northeast of Toronto, but was ordered to Camp Mohawk a week or two ago. At Camp Borden he took a course in aerial gunnery and now he is supervising instructor. He does not know if the next move will be to the United States or "over there."

VON TIRPITZ EXPECTS U-BOATS TO WIN WAR
AMSTERDAM, Oct. 13.—Admiral von Tirpitz, former minister of the German Imperial navy, interviewed by the Brunswick Landes Zeitung, is quoted as saying:

"We can continue confidently to expect a final triumph over England so long as we continue to sink vessels faster than she constructs them. A submarine war success cannot be expected immediately, however, but if we pursue our aim firmly we shall find after some months that our position for negotiations with England will be quite different."

"England desires negotiations now while her position is comparatively favorable. The decisive factors are the shipping losses suffered by the entente and by neutrals who expose themselves to our U-boat war."

"No definite time can be fixed for our success. Economically, and as regards raw materials, our position today is stronger than that of France or Italy. How far England will be able to make her supplies last cannot be predicted."

"But the decisive factor is that while we supply four-fifths of our economic needs from our own productions England has to fetch four-fifths of hers from overseas."

We are now at the fateful hour of our existence. Germany cannot maintain her position as a world power against England unless her position is founded on might."

AN ATLANTIC PORT, Oct. 13.—Twenty-six members of the crew of the steamer New Orleans, wrecked off the Virginia coast in a heavy blow Wednesday, were brought here today by a vessel which picked them up just after their ship went down.

AROOSTOOK CUT OFF BY HEAVY SNOW STORM
ROULETTE, Me., Oct. 13.—For nearly 24 hours all telephone and telegraph communication out of Aroostook county has been at a standstill owing to the second large snow storm in 48 hours, lasting from late last night until early this morning.

More than six inches of snow fell. Owing to the heavy foliage still on the trees, the snow in many instances broke them down. Nearly highways were impassable this morning as the result of the trees that had fallen in the roads.

The Aroostook Telephone company sustained a damage of several hundred dollars and tonight only a partial service is being maintained.

RANGOR, Me., Oct. 13.—As a result of the first snowstorm of the season Thursday 400 telephones are out of commission here. Telephone officials say that it will take two weeks to get everything to rights.

Capt. Bernard J. Dunn, of those company No. 8 of the Lowell fire department, who suffered a fracture of the skull as a result of a fall from the roof of the Northern Waste Co. plant at Wareville on the night of September 22, died this morning at 3.40 at St. John's hospital. The body was removed to his late home, 4 Rockdale avenue, by Undertakers James F. O'Donnell & Sons. The deceased was 52 years of age and is survived by the sisters, Misses Mary J. and Alice Dunn and Mrs. Edward F. Slattery, also a brother, Edward F. Dunn.

Capt. Dunn, who was better known as "Ben" by his friends and acquaintances, was one of the most efficient fire fighters in the department, according to Chief Edward F. Saunders and other members of the department with whom he had associated. He had rounded out nearly thirty years of service in the department and his activity and daring at many of the big fires won for him meritorious praise.

He was appointed a substitute fireman on Engine 8 on December 28, 1888 and when the chemical engine was taken out of the Merrimack street fire house in 1890 and a hose wagon substituted he was appointed a full man. He was made a permanent fireman on January 5, 1893 and January 1, 1903 was promoted to the tenancy of Hose 8. In May, 1912, when Capt. Crowley was made a district chief, Lieut. Dunn was promoted to the captaincy which position he held up to the time of his death.

With the exception of a leave of absence of about a month for illness a year ago he had been constantly on duty.

On the night of September 22 while at the Northern Waste company he and several of his men were fighting the fire from the roof of the building, and owing to the dense smoke he accidentally stepped off the roof and was later found unconscious on the ground. He was hurried to St. John's hospital where an examination showed that he was suffering from a fracture of the skull. For over a week he was delirious, but at times was able to recognize relatives and friends who called to see him and during the early part of this week showed signs of improvement, but later a change for the worse took place and he passed away at 3.40 o'clock this morning.

GERMAN REPLY TO SWEDEN

STOCKHOLM, Oct. 13.—The Swedish foreign office has received the German reply to its inquiry regarding the action of Count Karl von Luxburg while he was German minister to Argentina in sending messages through the Swedish legation regarding the "pink list" without trace of Argentinean vessels. Germany expressed regrets last month and promised a fuller statement later. The answer now furnished confirms the arrival in Berlin of the Luxburg cablegrams as published, although one of them was mutilated by an essential clause. The German government states it is unable to make a declaration regarding the authenticity of the despatches, as no contradictory correspondence has taken place with von Luxburg. The telegram is said to have had no effect on the submarine war. The government deplores the fact that they were despatched and that von Luxburg employed the facilities extended to him by the Swedish authorities in a manner which might have been construed as abuse of them. Assurance is given that incidents calculated to disturb the friendly relations between Germany and Sweden will not occur again.

GOVERNORS TO DISCUSS COAL SITUATION

BOSTON, Oct. 13.—The governors of the New England States today were asked by James W. Storrow, New England fuel administrator, to attend a conference in Boston on Thursday afternoon next to discuss the coal situation. The president of every chamber of commerce in the district and the state fuel administrators also were urged to be present to consider plans by which an adequate supply may be obtained for this season.

PACIFISTS MEETING BARRED
BRIDGEPORT, Conn., Oct. 13.—Under no circumstances will the police permit the People's Council of America for Democracy and Peace to announce a meeting here. This was announced today by Superintendent of Police John J. Redgate, who added that even if United States Senator Robert M. La Follette should be invited to speak at such a meeting, that fact would make no change in the attitude of the police. The police have already denied two applications by the People's Council for permits to hold mass meetings and it

WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Dandruffin at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"California Syrup of Figs" can't harm tender stomach or bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour. Look at the tongue, mother! If coated or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. Although "inside cleansing" is often said to be necessary, it is actually the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children and adults. Get it made by the "California Fig Syrup Company."

FOR REGIMENT OF INDIANS

WASHINGTON, Oct. 13.—A regiment of Oklahoma Indians may be one of the American fighting units in France. Some 400 or more drafted non-Indian-speaking Indians are to be transferred to the 1st Oklahoma National Guard, which already has a considerable number of Indians in its ranks, and it is now proposed that enough additional Indians from Oklahoma's quota of 500 be assigned to the same regiment to fill it to war strength. This is done in order to consolidate the 1st Oklahoma and the 1st Texas Guard regiments will be revoked.

DEATH OF ED. T. McEVoy WELL KNOWN DRUGGIST

Edward T. McEvoy, the well known druggist, corner of Lawrence and Avenue streets, died last evening quite unexpectedly at his home, 181 Moore street. He had been ailing for some time, but his illness was not considered serious until a few days ago when a sudden change made his fatal character apparent. He was 53 years of age, the son of the late John W. and Margaret Keyes McEvoy, two of the oldest settlers of the Sacred Heart parish. He was the brother of the late John W. McEvoy and Mrs. John J. Jorgan, both of whom are deceased. His wife, Mrs. Della (Shea) McEvoy, one sister, Miss Lilla of the West street school, and a number of nephews and nieces. He was educated at the public schools of Lowell and for some years after leaving school he worked as an upholsterer for the Harvard company, then on High street. Later he attended a college of pharmacy in Boston and became a registered druggist. He started business on the corner of Lawrence and Avenue streets on the property of his father who was the first to purchase land in the district now known as "the grove." Subsequently he moved to the opposite corner, on Lawrence street, and built the large remnant block in which the present drug store is located. Deceased was highly esteemed by all his acquaintances as a gentleman of humane sympathies and charitable instincts. He was a devoted member of the Sacred Heart parish and a generous contributor to its religious activities. Notice of the funeral appears elsewhere.

CHAS. S. EATON, FORMER LOWELL MAN DEAD

MARLBHEAD, Oct. 13.—Chas. S. Eaton, owner of Thompson's Spa, an eating establishment in the business section of Boston, which he opened as a candy shop in 1883, died here today after a long illness. In recent years he had spent much time abroad and also maintained a winter home at Pasadena, Calif. Mr. Eaton was graduated from Massachusetts Institute of Technology in 1873 and returned to Lowell, his old home, where he remained for two years, devoting his time to architecture, of which he had made a special study.

Boston Man Tells His Experience With "Fruit-a-lives"—Now Made in U.S.A.

MR. JAS. J. ROYALL
S.S. "Boston", Central Wharf.
Boston, Mass., April 26th, 1914.
"For three years, I was troubled with Constipation. At times, the attacks would be very severe, accompanied by Dizziness and Violent Headaches. I took medicine and laxatives the whole time, but as soon as I discontinued the treatment, my bowels would refuse to move. Last October, I went to Montreal and there heard of 'Fruit-a-lives'. I used one box and the results were so pronounced that I bought two dozen boxes. I continued using 'Fruit-a-lives' and noticed a decided improvement. I gradually reduced the dose from three a day to one tablet every three or four days until the twenty-four boxes were finished when my physical condition was perfect." JAS. J. ROYALL.

A WORD TO WRITERS IN JINGLE CONTEST

Each week adds to the list of jingle writers in the Jingle Wren contest. Some of the new names appear among the list of winners today. Thus are they added to those who stand a chance of winning one of the grand prizes at the close of the contest in four weeks from now. A five dollar prize is much to be worked for in these days when everything costs so much. These child October days make one think of a lot of comforts one would like to have and which a five dollar check would buy or help to purchase. If you are not in this contest Jingle Wren is conducting in The Sun today. Only four more weeks of the contest and the more jingles you send in the better chance of winning.

Jingle Wren has learned in the many years she has conducted these contests that those who write a set of jingles, that is one for each week, are the winners. The ones who generally win the prizes. Some send in a number of jingles for one advertiser only each week, and among several advertisers would stand a far better show of having a prize winner picked from the jingles than to send in a number of jingles for one advertiser only each week.

What counts when an advertiser sends in his jingles is neatness, legibility, originality, brightness, a little thought about his business, briefly (if possible), and an advertising idea. The jingle should be a good one. You will get in one or two of these points in each jingle and you will be a winner. Here is what "Billy M." says about the contest.

"I find it interesting to write jingles in this way. To me it seems most all the time, just like some good game to play. A four-line verse at fifty cents, a dollar, two, sometimes. By your friend, I tell you what, it's paying good for BILLY M."

BANKS JOIN FEDERAL RESERVE SYSTEM

GOOD HORSE RACING AT
GOLDEN COVE PARK

The Lowell Driving club staged some very good races at Golden Cove park yesterday afternoon and a crowd of about 1500 enjoyed the sport immensely. The track was not in the pink of condition, but some fairly fast heats were pulled off. The day was all that could be desired and had the track been in better shape conditions would have been ideal. It was encouraging to the members of this progressive association to see so many present and the out-of-town men who had horses here and who participated in the racing were heard to say very many nice things about the track and its location. One man said the track could be made one of the best half-mile tracks in the country.

The summary of yesterday's races was as follows:

2.25 mixed:			
Adrien (Shedd)	1	1	1
Smiley Boy (Read)	2	2	2
Rumsey (Lacomb)	3	3	3
Marquart O. (Cohen)	4	4	4
Bertling (Dempsey)	5	5	5
Spinoia (Winchester)	6	6	6
M. E. Hazelwood (Manning)	7	7	7
Jackson (Green)	8	8	8
Lady Freeway (Ryan)	9	9	9

Time, 2:24 1/2, 2:25 1/2.			
2.17 pace:			
Foxy Grandpa (Daigle)	1	1	1

Time, 1:21, 1:17.			

FLETCHER NOW BOWLING ON THE
GREEN CHAMPION AT BUNTING PARK

Bowling on the green was enjoyed at Bunting park yesterday, 40 contestants participating in the game. The two champions, James Fletcher and George Bailey, were picked as probable winners, but they did not show their old-time form. James Fletcher and George Bailey out-bowled their rivals. In the semi-finals Murphy and Berry were eliminated, and Fletcher and Bailey were left to fight for first honors. Fletcher winning by a narrow margin. Fletcher is now the champion, which title he will hold until some future event when a fellow-member defeats him.

LOWELL HIGH LOSES TO
LAWRENCE ACADEMY

Lowell high lost to Lawrence academy at Spalding park yesterday morning by a score of 2 to 0. Lawrence gained her two sole points as the result of a safety in the second period.

The game was played in the presence of a real holiday crowd, more than 1500 being present. Ideal October weather helped to make the contest a fast one.

The teams were about evenly matched both in weight and general football skill. Lawrence academy had a slight advantage in that three of her players were old Lowell high men and were familiar with the local code of signals. Time and time again the visitors were able to anticipate and break up the Lowell offense.

Capt. Arthur Lynch, one of the Lowell men playing with the visitors, was practically their whole team. He played the same sterling game which was characteristic of him during his career with the local eleven and the local student cheering section resounded with his name more than once in the course of the game. "Bill Brown at right guard and, Alfred Whitaker at right end, two other Lowell men, also played a good game for Lawrence. But Lynch at fullback was the dominant factor of the game.

In the Lowell trenches Capt. Dan Coughlin put up an excellent game and covered acres of ground. Dacey and Levallee, ends, played much the same game as last Saturday when they helped in a great extent to keep St. John's to a zero score. Fred Mahoney, Thumman, Richards and Markham were other Lowellites to illuminate the contest.

The two points which gave Lawrence academy the game came in the second period. Richards attempted to execute a punt from the 15 yard line but the pass to him was out of his reach. It rolled behind the local up-rights and was stranded there before it could be brought back to safety. Thus Lawrence academy got her two points on a skippy play.

A detailed account of the game would not provide many thrills. The majority of the plays were of the stereotyped order.

The first period consisted of a series of rushes by both teams which noted negligible gains. In the second act Lynch made a rush through right tackle for 15 yards and then the class of the period the visitors' score came.

An excellent tackle by Dacey and a number of forward passes well executed by Lowell featured the second half of the contest. The game ended with Lowell on the offense.

The line up:

Referee, Dr. Matthew Mahoney; umpire, Morey; head linesman, McCann, timers, Pyne and Shedy. Three Four 10-minute periods.

INDIANS TOO MUCH FOR
NAVAL FOOTBALL TEAM

The Indians defeated the Naval Reserve football team of Boston at Spalding park yesterday afternoon by a score of 14 to 6. Despite the fact that the Indians were outweighed by their opponents they managed to score two touchdowns. This was the first game played by the Indians this season and the showing made yesterday was very encouraging to admirers of the team.

TOMMY - GAVIGAN EASY
FOR TOMMY ROBSON

Tommy Robson of Malden scored an easy victory over Tommy Gavigan of Cleveland before the Unity club in Lawrence yesterday afternoon. Gavigan substituted for Soldier Bartheld, who, it was announced, broke his arm in New York Tuesday night.

Robson led in every round and the outcome was never in doubt. Gavigan took some terrible punishment. His gameness and ability to clinch continually enabled him to stay for 12 rounds.

The second class entrants, with scores, were as follows: Smith, 22; McKittrick, 20; Small, 21; Rowe, 19; Brady, 17; Hardy, 17; Holmes, 17; E. Anderson, 16; Rabeour, 15; Egan, 14; Carr, 13; J. Anderson, 12; Sullivan, 11; McCarthy, 11.

Suitable prizes were awarded the first two men in each class.

BLEACHERY BOWLING LEAGUE

Three games were played in the Lowell Bleachery bowling league Thursday night, but there was an absence of big scores. The Bleachery Club took three points from the Stock Room aggregation and the Office Crew took all four from the Shoe Duct. The Packing Room and Finishing department teams split even. Whitlock of the Packing Room team was high man, having a single of 123 and a trip of 308. He held the only man to shoot the pins over the 300 mark. The scores:

CITY MINOR LEAGUE
The City Minor bowling league, which enjoyed such a prosperous season last year, will be reorganized next Monday night when a meeting will be held at the Crescent alleys at 8 o'clock.

GIANTS NOW FAVORITES
NEW YORK, Oct. 13.—Baseball fans in New York were offering odds of 5 to 4 today that the Giants would defeat the White Sox at Chicago this afternoon. A number of bets of 10 to 1 were made that the Giants would win the series. Giant money which was scarce up to the day before the opening game, is now much in evidence here.

WAR CAMP COMMUNITY
RECREATION WORK

At the suggestion of President Wilson the directors of the Lowell board of trade have been called on to get their organization behind the campaign to raise a national fund for war camp community recreation work.

The purpose of this is to inspire the men, increase the efficiency and help develop the fighting spirit of the American armed forces. Features of this big work include the providing of wholesome, healthy environment in the communities surrounding the ninety or more training camps and posts.

John Willys, of Toledo, automobile and airplane manufacturer, appointed jointly by Secretary of War Baker and Secretary of the Navy Daniels as chairman of the national committee on the war camp recreation fund, has written a letter to each of the following, asking their assistance in this vitally important war work:

Patrick O'Hearn, D. M. Cameron
James C. Reilly, F. J. Campbell
John A. Himmewell, D. F. Carroll
Judith C. Wadleigh, H. I. Chaffoux
D. Parker, P. B. Chandler
Wm. H. Bolger, J. K. Whittier
Edw. H. Carney, Stanley E. Qua
Chas. F. Willis, J. H. H. H. H.
Jas. E. O'Donnell, A. T. Skifford
Irvine D. Kimball, Rene J. B. Delors
Josiah H. Sheppard, Harry Dunlap
Walter S. Watson, Fred A. Fisher
Royal P. White, Warren M. Fox
Jas. F. Owens, Ab. Goldman
Alfonzo G. Walsh, P. H. Hayward
L. Smith, Thos. Henry
H. B. Greene, A. D. Milliken
G. M. Harrigan, John H. Murphy
Robt. F. Madden, J. M. O'Donoghue
Geo. Bowers, J. M. O'Donoghue

The public, it is pointed out, must be made to realize that they must help to win the war. The "first victories" will be won in America, and will depend on the men who are to be sent to the front. The men who stay at home receive, welcome and hearten the men who are ready to bleed and die that democracy may live. The work for the soldiers and sailors in the communities outside the camps, should not be confused with what is being done for their entertainment and recreation by the Y.M.C.A. and in other ways during their leisure hours in camp.

Willys summarizes the big purpose of the war camp community recreation fund when he says: "The spirit of the war camp recreation fund is to be made in the next few months. More numbers do not make an army; millions of soldiers who lack the fighting spirit, can retreat. The American boys must know that the best friends of civilization are in the lines, that the folks at home are living and fighting in their hearts."

"Imagine your boy at a training camp," he says. "When shall he go and what shall he do when off duty? The camps, big and little, adjacent to the camps will do their best; but without the aid of a national fund it will be impossible to supply the need and the best personal service necessary to make a recreation system a thorough success."

"It is planned to furnish enlisted men hospitalities in local hotels, that promote wholesome amusement in pub-

President Wilson, in a letter which Mr. Willys enclosed with each of his communications, says of the community service:

"The spirit with which our soldiers leave America, and their efficiency on the battle fronts of Europe, will be vitally affected by the character of the environment surrounding their military training camps."

Commenting on the acceptance by Mr. Willys of the national chairmanship of the war camp community recreation fund, President Wilson said:

"Mr. Fostick tells me that you have agreed to accept the chairmanship of the war camp community recreation fund, and I am writing to express my appreciation of your willingness to serve, as well as my hopes that the work of you and your colleagues will meet with every success."

AUSTRIAN PREMIER SAYS GOVERNMENT READY TO COMPLY WITH POLISH DEMANDS

ZURICH, Switzerland, Oct. 13.—Dr. von Seyditz, the Austrian premier, according to a despatch from Vienna, has informed Deputy Daszynski, the

COALITION CABINET IS FORMED IN CANADA

OTTAWA, Ont., Oct. 13.—With the swearing in of nine new cabinet ministers early yesterday the members of the liberal party, who see in compulsory military service the only solution for bringing forth the full strength of the dominion in prosecution of the war, have joined hands with Sir Robert Borden and completed the rupture between themselves and Sir Wilfrid Laurier, which started with the introduction of the compulsory military service bill in the house of commons.

The new coalition cabinet will have equal representation of conscription liberals and conservatives, and while two of the liberal selections, F. H. Carvell of New Brunswick, slated for military service, and the other, J. A. Calder, premier of Nova Scotia, who is intended for the labor portfolio, have not yet consented to join the government, it is expected to be only a question of hours before they do so.

Pugsley and Oliver With Laurier

This lines up the leaders of the two parties for the coming election as straight supporters of compulsory military service or straight opponents of this method of reinforcing Canada's fighting forces overseas, with Sir Wilfrid Laurier chief of the latter and having as his lieutenants Frank Oliver and William Pugsley, who were members of his last cabinet.

There is some doubt as to where the new arrangement leaves George P. Graham, minister of railways under the Laurier administration, and F. P. Parke, chief liberal whip, both of whom voted for the military service bill at its third reading, although declaring themselves in favor of conscription of women as well.

As matters stand at present it is a little difficult to predict who will be found opposing the government and who will be supporting it when it goes to the country in the election, but it is a pretty safe guess that sentiment in favor of compulsory military service will be found lined up solidly behind it.

The members of the new union government who were sworn in are: Premier and secretary of state for external affairs, Sir Robert Borden (conservative); Minister of militia, Maj. Gen. Newburn (liberal); Minister of overseas service, Sir Edward Kemp (conservative); Immigration and colonization, J. A. Calder (liberal); Interior, Arthur Neighien (conservative); Agriculture, T. A. Cresser (liberal); Customs, A. I. Sifton (liberal); President of the privy council, N. W. Rowell (liberal); Railways and canals, J. D. Reid (conservative); Secretary of state for mines (new), Martin Burrell (conservative); As minister of overseas service, Sir Edward Kemp succeeds Sir George Perley, who becomes Canadian high commissioner at London, in which capacity he has been acting temporarily.

Frank Cochrane was appointed chairman of the board of directors of the Canadian Northern railway.

Col. C. C. Ballantine and Hugh Guthrie, liberal, were sworn the minister of public works and solicitor general, respectively, last week.

Of the new liberal members, Mr. Cresser represents the western grain growers, J. A. Calder is from Saskatchewan and Gen. Newburn, Mr. Rowell and Mr. Guthrie represent Ontario.

Albert Rosevear, a one-legged chauffeur of Chicago, who advertised recently for a man who had lost his right leg in order to share the cost of shoes with him, has made the acquaintance of R. E. Van Horne. Van Horne sent Rosevear several right shoes, and Rosevear responded with the left.

PREMIER KERENSKY OF RUSSIA WILL VISIT PRES. WILSON

PETROGRAD, Oct. 12.—Premier Kerensky is slightly ill and has been confined to his bed since his arrival at general staff headquarters at Mobiliev.

The premier telephoned today to Vice Premier Konovaloff, saying that he was much pleased over the condition of the army in which there was better feeling between the officers and men. The premier expects to visit all the fronts before returning to Petrograd.

Admiral Verderovski, minister of marine, returned to Petrograd today to negotiate a settlement of the differences between the military and the Russian Minister Tereshchenko and War Minister Vorkovsky will return to Petrograd tonight from Mobiliev.

LIBERTY LOAN COMMITTEE

The following committee has been appointed in Billerica to receive subscriptions for the Liberty loan: Everett S. Bull, Harold L. Nowell, Prescott L. Pasho, Martin Conway, Charles H. Eames, Edgar P. Sellow, Alexander M. Mitchell, Thomas Talbot Clark, Mrs. William H. Sator, Mrs. Henry P. Livingston and Mrs. Frederic S. Clark.

PARIS, Oct. 12.—The suggestion that President Wilson visit Europe is made by the information in its leading editorial article yesterday. It says the allies need the president's counsel, that his influence would be powerful in establishing unity in regard to democratic ideals, and that such a visit would be of advantage also to America.

HIGHLAND CLUB GIVES FAREWELL BANQUET TO MEMBERS ASSUMING MILITARY DUTIES

The members of the Highland club gave a farewell banquet and reception to six of their younger members Thursday evening on the occasion of their departing from Lowell to assume military duties. All the men have enlisted in the signal corps of the regular army.

Nearly 75 fellow-members of the club were on hand to assist in the send-off. After an excellent banquet had been enjoyed a number of addresses of an appropriate nature were delivered, and the speakers included Mayor James E. O'Donnell, George H. Spillane and others. Commissioner James E. Donnelly sang several numbers in his characteristic manner.

President Albert G. McCurdy was the presiding officer, and he named James P. Owens as master of ceremonies. Geo. H. Spillane presented, among other gifts, a singing set to each of the guests of honor and wished them the best of luck in their new work. Mayor O'Donnell addressed the young men in a congratulatory vein and expressed his hope for their safe return.

Gray's orchestra furnished the music for the evening, and the remainder of the program was of an informal nature.

The young men in whose honor the banquet was held are Eldred E. Bosse, Robert M. Erdle, George P. Langvin, Paul H. O'Donnell, Daniel W. Potter and Robert C. Potter.

Fred G. Leary was chairman of the committee on arrangements.

LOCAL RED CROSS WORKERS FACE HIGH COST OF WOOL PROBLEM

The local Red Cross workers are facing an annoying situation at present because of the high cost of wool which is used in knitting garments for the soldiers. At present 2000 pounds of the "dawn" are consumed in a month and wool costs something like \$150 a pound at wholesale rates.

In order to keep up with the ever increasing demand for wool by workers the purchasing agent of the local chapter has sent in an order for 6000 pounds and this involves an expenditure of \$7500—a tremendous drain on the financial resources of the organization. The wool is given out free of charge to people who wish to knit garments for the soldiers and the result is that the society had to stand the full expense of the work. If the prices were a bit more reasonable or if there were not such a demand for the finished articles, the society could probably keep the work going but under the present circumstances it is feared that some method of meeting the initial outlay will have to be found.

50,000 AT DEDICATION OF COLUMBUS PARK IN SOUTH BOSTON

BOSTON, Oct. 13.—Under ideal weather conditions, in the presence of a concourse of people numbering close to 50,000 the dedication of Columbus park, South Boston, took place yesterday morning. The exercises began with a mass celebration by William Cardinal O'Donnell, Mayor Curley, Capt. Rush, commandant of the navy yard, and scores of other prominent men in the city and state were present.

During the flag-raising exercises, following divine service, a hydroplane, operated by Lieut. Godfrey, circled the park at heights ranging from 500 to 2000 feet and dropped thousands of circulars bearing the Liberty loan.

An illuminated yacht pageant, fireworks display, band concert and patriotic movies were evening features of the memorable celebration, although the rain cut short the program.

PLAN 50 SOLDIERS CAN NOTIFY FOLKS AT HOME OF SAFE ARRIVAL

BOSTON, Oct. 13.—Soldiers departing for the front, who wish their parents to know in the shortest possible time of their arrival on the other side of the Atlantic, may arrange this by writing a letter addressed to their home address and leaving it with the postal service and leaving it with the postal service at their military organization, at the port of embarkation. When official news arrives that that organization has reached England or France, and not before, the letters will be mailed, and the parents of the soldiers will learn of their arrival more quickly than in any other way. These letters must be left open, as a courtesy to the censor.

INCREASE IN WAGES

Notice to the effect that an increase in wages will go into effect Nov. 1, have been posted in the various departments of the New-Lowell shops. The increase will date back to Oct. 1. A special arrangement and graduated scale has been adopted, having reference to length of service with the company.

PREPARED FOR U-BOATS

Our navy keeps up its continual watchfulness—its guarding of the sea lanes—looking for the hidden enemy. We now know that the advice of our great commanders—"In time of peace prepare for war," was right and good advice. In the same way we should guard our health from the hidden attack of uric acid poisoning. Before men could be drafted into this war, they had a thorough physical examination in which their kidneys were tested, and a large percentage were turned back because of defective kidneys.

Before an insurance company will make a risk on your life the examining physician will test the water and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment, channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience.

A remedy, called "AN-U-RIC," has been discovered by Doctor Pierce in his hospital practice which he believes is more potent than lithia. It will ward off backache, headache, and the darting

pains and aches of rheumatism—of those diseases which are caused by too much uric acid, such as gout, asthma, sciatica, or sore, stiff, aching joints.

Doctor Pierce, chief physician at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has been testing this wonderful medicine for the relief of overworked and weakened kidneys. The relief obtained by sufferers has been so satisfactory that he determined to place "AN-U-RIC" with the principal druggists where where people could get this ready-to-use medicine.

Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric Tablets. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the "Anuric," send ten cents to Dr. Pierce for a large sample package. This will prove to you that "Anuric" is the most perfect kidney and bladder corrector. If you are a sufferer, ask your best druggist for "Anuric."

To Be Sold to the Highest Bidder

Sealed bids will be received at the office of the Commissioner of Public Property and Licenses at City Hall on Saturday, October 20th, 1917, at 11 A. M. for the building numbered 535 Gorham street.

This property consists of a three story wooden frame building with mansard slated roof and a two story mansard roof ell and of excellent construction.

It was formerly occupied as a residence by one of the head officials of the Bleachery corporation. The real value of the property can not be appreciated without a thorough inspection of the building. For this reason the building will be open on October 17th and 18th from 9 A. M. until 5 P. M.

This building will be sold exclusive of the land and must be torn down or moved from its present location before November 10th, 1917.

Each bid must be enclosed in a sealed envelope and as a guarantee of good faith must be accompanied by cash or certified check for 10 per cent of the amount of the bid. Said amount to be forfeited should the successful bidder fail or refuse to pay the balance of the amount agreed upon before October 24th, 1917. Otherwise deposit will be returned immediately.

Per order, FRANCIS A. WARNOCK, Commissioner of Public Property and Licenses.

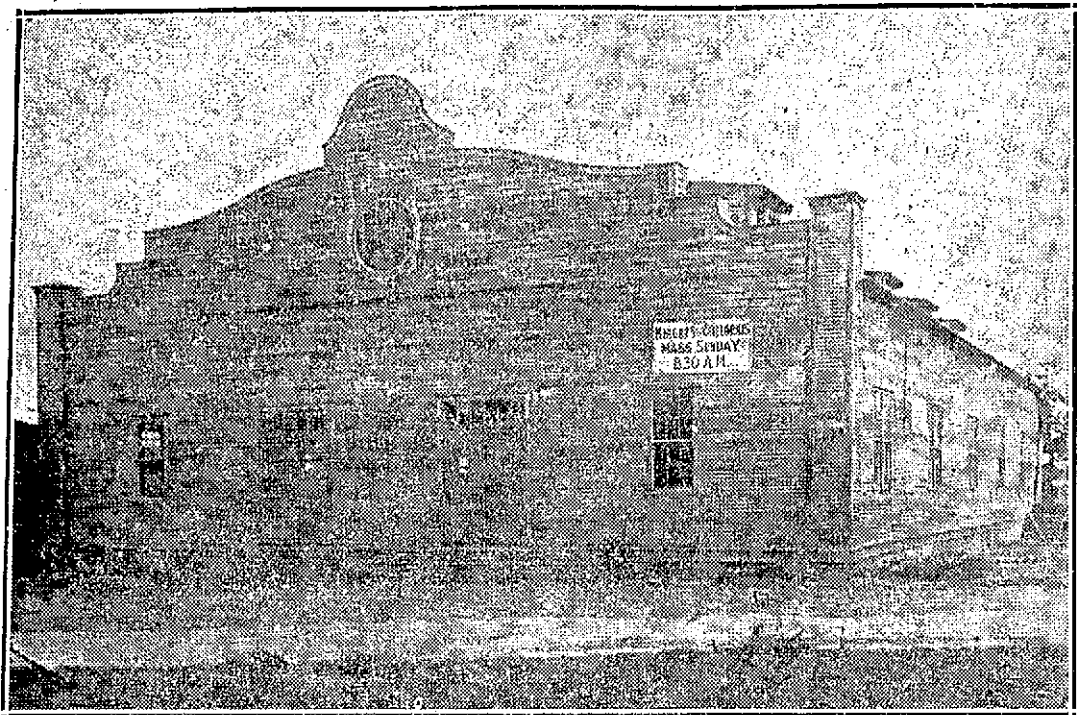

Most Old People Are Constipated

The wear of years impairs the action of the bowels. As people grow older they restrict their activity, neglect to take sufficient exercise, and indulge a natural disposition to take things easy. The digestive organs become more sensitive to the demands made upon them and rebel more quickly.

It is of special importance to the health of elderly people that the bowels be kept normally active. A mild, yet effective, remedy for constipation, and one that is especially suited to the needs of old folks, women and children, is the combination of simple laxative herbs with persin sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. It costs only fifty cents a bottle, and should be in every family medicine chest.

A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 436 Washington St., Monticello, Illinois.

YESTERDAY WAS BIG DAY FOR KNIGHTS OF COLUMBUS; RECREATION HUT DEDICATED AT CAMP DEVENS

THE K. OF C. RECREATION HUT AT CAMP DEVENS
Photo by J. M. Dinnien

The Knights of Columbus headquarters building at Camp Devens on the western side of the main camp road, near the drill grounds, is now open and a cordial invitation is extended to all, regardless of creed, to visit the K. of C. headquarters at any time and make free use of the facilities afforded for rest, recreation and entertainment. Make this building your own for meeting your friends, writing letters, reading, telephoning and entertainment.

Mass will be celebrated at this building every Sunday at 8.30 A. M. Ayer Council, Knights of Columbus, invites all, whether members or not, to visit its rooms on the third floor of Page block, Main street, Ayer. Make these rooms your headquarters when in town.

Lowell council, Knights of Columbus, observed Columbus day fittingly yesterday with an elaborate yet thoroughly enjoyable program. Activities started shortly after nine o'clock in the morning when the members—almost all of them—gathered in the K. of C. quarters in Associate building and made ready to march in a body to St. Michael's church for religious ceremonies.

About 9.15 the line headed by the Lowell Cadet band started down Merrimack street. The members of the fourth degree assembly were first to come and they were followed by the guests of the occasion—soldier members in uniform. Following were the other members of the council. The parade presented an inspiring picture.

The fourth degree members were in full regalia and the uniforms of the soldier members immediately following combined to make the scene a picturesque one.

The parade wended its way through Merrimack and Bridge streets to Sixth and St. Michael's church. At 9.30 a solemn high mass was celebrated. Continued to Page 2—First Section

LOWELL BOY GUNNERY SCHOOL HEAD VON TIRPITZ EXPECTS U-BOATS TO WIN WAR

Lieut. Arthur F. Woodies, formerly of The Sun, is at Camp Mohawk, in Canada, where he is in charge of an aerial gunnery school, and he has 120-odd cadets, Americans and Canadians, under his protecting wing. Camp Mohawk is 150 miles east of Toronto, and in letters to friends in Lowell, Lieut. Woodies has said many nice things about Canadian hospitality. He says he has met some splendid families and the welcome sign is ever out.

Lieut. Woodies is a Plattsburg graduate and went to Canada from Ayer about six weeks ago. He has made wonderful strides and promotions have come quick and fast. He has spent most of his time at Camp Borden, 92 miles northeast of Toronto, but was ordered to Camp Mohawk a week or two ago. At Camp Borden he took a course in aerial gunnery and now he is supervising instructor. He does not know if the next move will be to the United States or "over there."

AMSTERDAM, Oct. 12.—Admiral von Tirpitz, former minister of the German imperial navy, interviewed by the Brunswick Landes Zeitung, is quoted as saying:

"We can continue confidently to expect a final triumph over England so long as we continue to sink vessels faster than she constructs them. A submarine war success cannot be expected immediately, however, but if we pursue our aim firmly we shall find after some months that our position for negotiations with England will be quite different."

"England desires negotiations now while her position is comparatively favorable. This decisive factor is the shipping losses suffered by the empire and by neutrals who expose themselves to our U-boat war."

"No definite time can be fixed for

our success. Economically, and as regards raw materials, our position today is stronger than that of France or Italy. How far England will be able to make her supplies last cannot be predicted.

"But the decisive factor is that while we supply four-fifths of our economic needs from our own productions England has to fetch four-fifths of hers from overseas. We are now at the fateful hour of our existence. Germany cannot maintain her position as a world power against England unless her position is founded on might."

FRENCH ARMY NOW NUMBERS 2,700,000

NEW YORK, Oct. 12.—France has for a year been producing 250,000 shells a day for the famous "75" guns as compared with 12,000 daily when the war began. Andre Thardieu, high French commissioner in the United States said in a statement here yesterday:

"His estimate of credits voted by France from August of 1914 until America entered the conflict was nearly \$21,000,000,000, of which more than \$19,500,000,000 came, he said, from the savings of the French people."

"In 1914 we had only 300 heavy guns, organized in regiments," Mr. Thardieu continued. "Now we have more than 6000. Besides, we gave more than 800 heavy guns to our Russian, Rumanian and other allies."

"More than two-thirds, and nearly three-fourths, of the western front is still occupied by the French army which has 2,700,000 men in the field. In our country the amount raised and seditions utterances."

by annual taxes reaches this year \$5,000,000,000 which is the highest figure ever attained even in time of peace, although 12,000,000 French people are either mobilized for the army or in factories, or kept in invaded regions.

FIRE CAPT. DUNN DIED THIS MORNING

Capt. Bernard J. Dunn, of Hesse company No. 3 of the Lowell fire department, who suffered a fracture of the skull as a result of a fall from the roof of the Northern Waste Co. plant at Warrentonville on the night of September 22, died this morning at 8.10 at St. John's hospital. The body was removed to his late home, 1 Rockdale avenue, by Undertakers James P. O'Donnell & Sons. The deceased was 55 years of age, and is survived by three sisters, Misses Mary J. and Alice Dunn and Mrs. Edward J. Slattery, also a brother, Edward F. Dunn.

Capt. Dunn, who was better known as "Ben" by his friends and acquaintances, was one of the most efficient fire fighters in the department, according to Chief Edward F. Saunders and other members of the department with whom he had been associated. He had rounded out nearly thirty years of service in the department and his activity and daring at many of the big fires won for him meritorious praise.

He was appointed a substitute fireman on Engine 6 on December 23, 1888 and when the chemical engine was taken out of the Merrimack street fire house in 1899 and a hose wagon substituted he was appointed a full man. He was made a permanent fireman on January 5, 1903 and January 1, 1903 was promoted to the lieutenantcy of Engine 8. In May, 1913, when Capt. Crowley was made a district chief, Dunn was promoted to the captaincy which position he held up to the time of his death.

With the exception of a leave of absence of about a month for illness a year ago he had been constantly on duty.

On the night of September 22 while at the Northern Waste company's fire and several of his men were fighting the fire from the roof of the building and owing to the dense smoke he accidentally stepped off the roof and was later found unconscious on the ground. He was hurried to St. John's hospital, where an examination showed that he was suffering from a fracture of the skull. For over a week he was delirious, but at times was able to recognize relatives and friends who called to see him and during the early part of this week showed signs of improvement, but later a change for the worse took place and he passed away at 8.10 o'clock this morning.

AROSTOOK CUT OFF BY HEAVY SNOW STORM

HOULTON, Me., Oct. 12.—For nearly 24 hours all telephone and telegraph communication out of Aroostook county has been at a standstill owing to the second large snow storm in 48 hours, lasting from late last night until early this morning.

More than six inches of snow fell. Owing to the heavy foliage still on the trees, the snow in many instances broke them down. Nearby highways were impassable this morning as the result of the trees that had fallen in the roads.

The Aroostook Telephone company sustained a damage of several hundred dollars and tonight only a partial service is being maintained.

BANGOR, Me., Oct. 12.—As a result of the first snowstorm of the season Thursday 400 telephones are out of commission here. Telephone officials say that it will take two weeks to get everything to rights.

GOOD HORSE RACING AT GOLDEN COVE PARK

The Lowell Driving Club staged some very good races at Golden Cove park yesterday afternoon and a crowd of about 1500 enjoyed the sport immensely. The track was not in the pink of condition, but some fairly fast heats were pulled off. The day was all that could be desired and had the track been in better shape conditions would have been ideal. It was encouraging to the members of this progressive association to see so many present and the out-of-town men who had horses here and who participated in the racing were heard to say very many nice things about the track and its location. One man said the track could be made one of the best half-mile tracks in the country.

The summary of yesterday's races was as follows:

FLETCHER NOW BOWLING ON THE GREEN CHAMPION AT BUNTING PARK

Bowling on the green was enjoyed at Bunting park yesterday, 40 contestants participating in the game. The two champions, James Fletcher and George Bailey, were picked as probable winners, but they did not show their old-time form, and Michael Murphy, Edward Henry, James Fletcher and George Bailey out-bowled their rivals. In the semi-finals Murphy and Henry were eliminated, and Fletcher and Bailey were left to fight for first honors. Fletcher winning by a narrow margin. Fletcher is now the champion, which title he will hold until some future event when a fellow-member defeats him.

LOWELL HIGH LOSES TO LAWRENCE ACADEMY

Lowell high lost to Lawrence academy at Spalding park yesterday morning by a score of 2 to 0. Lawrence gained her two sole points as the result of a safety in the second period. The game was played in the presence of a real holiday crowd, more than 1500 being present. Ideal October weather helped to make the contest a fast one.

The teams were about evenly matched both in weight and general football skill. Lawrence academy had a slight advantage in that three of her players were old Lowell high men and were familiar with the local code of signals. Time and time again the visitors were able to anticipate and break up the Lowell offense.

Capt. Arthur Lynch, one of the Lowell men playing with the visitors, was practically the whole team. He played the same stalling game which was characteristic of him during his career with the local eleven and the local student cheering section resounded with his name more than once in the course of the game. "Bill Brown at right guard and Alfred Whitaker at right end, two other Lowell men, also played a good game for Lawrence. But Lynch at fullback was the dominant factor of the game.

In the Lowell trenches Capt. Dan Coughlin put up an excellent game and covered acres of ground. Dacey and Levallee, ends, played much the same game as last Saturday when they helped to a great extent to keep St. John's to a zero score. Fred Mahoney, Thumman, Richards and Markham were other Lowellites to illuminate the contest.

The two points which gave Lawrence academy the game came in the second period. Richards attempted to execute a punt from the 15 yard line but the pass to him was out of his reach. It rolled behind the local up-rights and was stranded there before it could be brought back to safety.

This Lawrence academy got her two points on a skilful play.

A detailed account of the game would not provide many thrills. The majority of the plays were of the stereotyped order.

The first period consisted of a series of rushes by both teams which netted negligible gains. In the second act Lynch made a rush through right tackle for 15 yards and then near the close of the period the visitors' score came.

An excellent tackle by Dacey and a number of forward passes well executed by Lowell featured the second half of the contest. The game ended with Lowell on the offense.

INDIANS TOO MUCH FOR TOMMY GAVIGAN EASY FOR TOMMY ROBSON

The Indians defeated the Naval Reserve football team of Boston at Spalding park yesterday afternoon by a score of 14 to 6. Despite the fact that the Indians were outwitted by their opponents they managed to score two touchdowns. This was the first game played by the Indians this season and the showing made yesterday is very encouraging to admirers of the team.

K. O. F. BOWLING LEAGUE

The formal opening of the Knights of Columbus bowling league will take place on the Merrimack alleys in the basement of the Associated Building Monday night. Chairman, Edward F. Slattery, Jr., of the bowling league committee, announces that everything is in readiness for the season. Eight teams have already signed their intention of participating in the tournament but it is expected that two more teams will be added before Monday.

The bowling committee consists of Edward F. Slattery, Jr., chairman; Thomas J. Fitzgerald, treasurer; Jas. Jolly, secretary. The schedule provides for 25 weeks with bowling on each Monday and Friday night. The team captains thus far chosen are: Richard J. O'Brien, Thomas Ryan, James O'Day, P. Connerney, Edward F. Slattery, Jr., Peter Savage, Joseph Donohue and James Murphy.

WORLD'S SERIES AT ROLLAWAY

On Monday the fifth game of the world's series will be reproduced on the great electrical board at the Rollaway rink at 2 o'clock. Every play is given just as it occurs.

ZHYZSKO'S EXHIBITION

SACO, Me., Oct. 13.—The case of Waldemar Zhyzsko, or Zhyzsko, the wrestler, whose claim for exemption was denied by York county No. 1 division board, the state board and appealed to President Wilson, was yesterday referred back to the board here. Zhyzsko, who is now at Camp Devens, in a claim filed after he reached here, said he had a mother, aged 65, and a widowed sister with five children, all living in Austria, who are dependent upon him.

"There is also my reputation as the world's champion wrestler," he continued in his claim. "I have been drafted because I took out my first citizen papers. I took them out merely as a possible asset in the future. I have been exempt from military training in Austria because of dependent relatives and of the noted position I hold in the world of sports."

"Time to Save." Interest begins today. City Institution for Savings. See page 1, column 7.

Tommy Robson of Malden scored an easy victory over Tommy Gavigan of Cleveland before the Unity club in Lawrence yesterday afternoon. Gavigan substituted for Soldier Bartfield, who, it was announced, broke his arm in New York Thursday night.

LOWELL GUN CLUB

A well-attended and hotly contested trap shoot was held by the Lowell Gun Club at its grounds in Chelmsford Centre yesterday afternoon. There were two classes of contestants. The first included four entrants with scores as follows: Burns, 23; Morrison, 20; Lundstrum, 20; Failing, 20.

The second class entrants, with scores, were as follows: Smith, 22; McKittrick, 20; Small, 21; Rowe, 19; Brady, 17; Hardy, 17; Holmes, 17; E. Anderson, 16; Rabouret, 15; Ryan, 14; Carr, 13; H. Anderson, 12; Sullivan, 11; McCarthy, 11.

Suitable prizes were awarded the first two men in each class.

BLEACHERY BOWLING LEAGUE

Three games were played in the Lowell Bleachery bowling league Thursday night, but there was an absence of big scores. The Bleachery Room quintet took three points from the Stock Room aggregation and the Office crew took four from the Shoe Duct. The Packing Room and Finishing department teams split even. Whitehead of the Packing Room team hit a high mark, with a single of 123 and a triple of 308, he being the only man to shoot the pins over the 300 mark. The scores:

CITY MINOR LEAGUE

The City Minor bowling league, which enjoyed such a prosperous season last year, will be reorganized next Monday night, when a meeting will be held at the Crescent alleys at 8 o'clock.

GIANTS NOW FAVORITES

NEW YORK, Oct. 12.—Baseball fans in New York were offering odds of 5 to 4 today that the Giants would defeat the White Sox at Chicago this afternoon. A number of bets of 10 to 9 were made that the Giants would win the series. Giant money, which was scarce up to the day before the opening game, is now much in evidence here.

WAR CAMP COMMUNITY RECREATION WORK

At the suggestion of President Wilson the directors of the Lowell board of trade have been called on to get their organization behind the campaign to raise a national fund for war camp community recreation work.

The purpose of this is to inspire the men, increase the efficiency and help develop the fighting spirit of the American armed forces. Features of this big work include the providing of wholesome, healthy environment in the communities surrounding the military or more training camps and posts.

John N. Willy, of Toledo, automobile and aeroplane manufacturer, appointed jointly by Secretary of War Baker and Secretary of the Navy Daniels as chairman of the national committee on the war camp recreation fund, has written a letter to each of the following, asking their assistance in this vitally important war work:

Patrick O'Hearn, D. M. Cameron, James C. Reilly, E. J. Campbell, John A. Ruessell, T. P. Carroll, John C. Wadleigh, E. L. Chaffron, A. D. Parker, E. B. Chandler, Wm. H. Bolger, J. K. Whitler, John C. Carey, Gen. E. G. Renshaw, Wm. F. Hills, G. E. T. Safford, Jas. E. O'Donnell, Rene A. B. Polys, Irving D. Kinnell, Harry J. Hays, J. B. Shepard, Fred A. Fisher, Walter S. Watson, Warren M. Fox, Royal L. White, Ed. Goldman, Alvin C. Owens, F. P. F. Henry, Alva C. Walsh, Thos. P. Henry, H. A. Smith, John H. Miliken, H. H. Greene, John H. Murphy, H. H. Greene, John H. Murphy, H. H. Greene, John H. Murphy, Geo. Dowers, T. M. O'Donoghue.

The public, it is pointed out, must be made to realize that they must help to win the war. The "first victories" will be won in America, and will depend on the way in which they who stay at home receive, welcome and hearten the men who are ready to meet and die for their country.

The work for the soldiers and sailors in the communities outside the camps, should not be confused with what is being done in the camps. The recreation by the Y.M.C.A. and in other ways during their leisure hours in camp.

Mr. Willy summarizes the big purpose of the war camp community recreation fund when he says: "The spirit of the new American army is to be made in the next few months. More numbers do not make an army; the fighting spirit, which has been the fighting spirit of the American boys must be the best. The best of the fighting spirit is in their hands and the folk at home are living and fighting in their hearts."

"Imagine your boy at a training camp," he says. "Where shall he go and what shall he do when off duty? The cities, big and little, adjacent to the camps will do their best; but without the aid of a national fund it will be impossible to supply the equipment and the trained personal service necessary to make a recreation system a thorough success."

"It is planned to provide enlisted men headquarters' local enlisted circles, to promote wholesome amusement in public places, to supply buildings, swimming pools, etc., and to prevent the exploitation of the boys by commercial attractions of an undesirable sort."

President Wilson, in a letter which Mr. Willy enclosed with each of his communications, says of the community service: "The spirit with which our soldiers leave America, and their efficiency on the battle fronts of Europe, will be vitally affected by the character of the environment surrounding our military training camps."

Commenting on the acceptance by Mr. Willy of the national chairmanship of the war camp community recreation fund, and I am willing to express my appreciation of your willingness to serve, as well as my hopes that the work of you and your colleagues will meet with every success."

Prominent members serving on the committee with Mr. Willy are: Samuel R. Hoteloff, Buffalo, N. Y., chairman War service committee, International Association of Rotary clubs; Mrs. Josiah Evans Cowles, Los Angeles, Cal., president, General Federation of Women's clubs; Cyrus H. K. LOWELL BOYS IN THE NAVY NEWS OF THE DAY IN LOWELL SOLDIER WANTS THE POLICE COURT TO BE TRANSFERRED

John Miller Mixer, Jr., residing at 26 Ash street, enlisted at the local navy recruiting station on Sept. 23 as a batteryman in the 1st New York navy. He is now under instruction at Harvard in wireless electricity. Mixer was first sent to Boston after his enlistment in Lowell and then was sent to the New York navy yard for a course of instruction in an electrical class. There he was sent to Harvard for advanced instruction.

The letter which he wrote to his father and which was received in Lowell recently is in part as follows:

"I arrived here today and it is some place, am sending you a picture of the building in which I am living. We have two shower baths in our room, hot and cold water. They've treated me fine in the navy and I have certainly had a change in my life. It is no wonder that men enlist in the navy if the opportunities given me are typical of those given others."

One thousand healthy geraniums will be given to teachers or pupils of the public schools at Fort Hill park Tuesday. The plants have been at the park all summer and as is customary each fall the distribution of the geraniums will be made next week. The superintendent of the park department will be at the park from 7 o'clock in the morning until the 1000 plants have been taken away by teachers or pupils.

Clerks Are Busy
The clerks in the engineer's office at city hall are busy making out bills for sidewalk assessments and it is expected that the bills will be in the mail next week. The streets and assessments for which bills are being made out are as follows: West side of Bailey street, \$22.75; north side of Hillside street, \$27.75; east side of Hillside street, \$125.57; north side of Victoria street, \$165.47; east side of Stevens street, \$195.44; north side of Eleventh street, \$175.95; north side of Market street, \$35.15; south side of Beaver street, \$275.53; south side of West Sixth street, \$400.55; north side of West Sixth street, \$122.33; south side of Third street, \$30.47; west side of Robbins street, \$13.51.

Mayor Is Invited
Mayor O'Donnell this morning received a letter from the attorney general, one at New Orleans, where the American prison congress will take place Nov. 20, 21, 22, 23, and 24. The letter was from the attorney general of the national prison congress and the mayor was invited to take place Dec. 5-6 and 7. In each instance the mayor is asked to appoint a delegation to represent the city at the event of him not being able to attend.

Drevert Hearing
The hearing given Patrolman Drevert on the charges of assault brought by Supt. Welch, which was started last week, was resumed this afternoon at 2 o'clock in the mayor's reception room before the mayor. The hearing is of a private nature.

Hearing Monday
One member of the industrial accident board will come to Lowell Monday for the purpose of holding hearings under the workman's compensation act. The board will hear cases at city hall one at 10 a. m. and the other at 1:30 p. m.

Death Rate
The death rate for the week is 20.22 against 17.82 for the past week and 15.59 for the week previous. This morning's rate for the week is 20.22 against 17.82 for the past week and 15.59 for the week previous. The number of deaths under five years was 14, infectious diseases 4, acute lung diseases 4, and tuberculosis 1. The deaths were as follows: Diphtheria, 3; scarlet fever, 1, and tuberculosis, 6.

Transfer 78,000 Drafted Men
WASHINGTON, Oct. 13.—The war department made public today details of the orders providing for the transfer of 78,000 men from National Army cantonments to the various National Guard divisions to fill them to war strength. State law is in this respect determined upon the basis of congressional representation and so far as practicable, the drafted men from a state will be assigned to National Guard units from the same state.

Divisions of the National Guard showing the greatest deficiency in men are the 50th, 10,000; 31st, 15,000; 25th, 9000; 24th, 6400; 35th, 6000; 40th, 5000.

Commanders of the National Guard divisions are directed to state the number of men required to inform the commander of the National Army cantonment on which the call is to be made of the number of men of special qualifications needed and the dates on which the levies can be received and accommodated at the guard camps.

The orders do not call for any men to be transferred from Camp Lowell. Paralleling these orders, instructions have been sent to divisional commanders of the National Army to furnish the men as required and also to make the necessary transfers between the National Army cantonments.

Camp Gordon, to transfer all remaining white men to Camp Jackson and all colored men to Camp Gordon. From Camp Devens, 7000; from Camp Upton, 5000 from Camp Dix, 6000 from Camp Meade, and 3000 from Camp Lee. Supply orders are given to other camps.

The effect of these transfers will be to mobilize at Camp Gordon 25,000 men from eastern states to form the new division. Camp Devens will assemble 27,000 men from the middle western territory to reform that division.

WANTS TO COME HOME BUT IMMIGRATION OFFICERS WON'T LET HIM
Charles Lorette, a citizen of the United States, who formerly resided in this city and who is now located in Alaska, Canada, has been ordered to return to Lowell, by the immigration officers on the Canadian border will not let him through.

Lorette is the son of Chas. Lorette, of Lowell, and is the father of several children. He left Lowell over fifteen years ago to try his luck in Alaska and during his stay in the Canadian border he has been successful, but there is no place like Lowell for him. Recently he packed up and started on his way back to Lowell, but the border he was unable to produce credentials to the effect that he was a citizen of the United States and was not a person of bad character.

This morning, his sister, Mrs. O'Donnell, after explaining the case to the immigration officer, secured a letter of identification from the immigration officer to the effect that he was a citizen of the United States and was not a person of bad character. The immigration officer will enable him to continue his trip to Lowell, where he expects to settle down definitely.

Elise Battles, aged 19 years and claiming Plymouth, Mass., as her home, appeared before Judge Enright in police court this morning on three counts of larceny. She admitted stealing several articles from the room of Edward J. Mosher at 29 Hanover street, and denied stealing clothing and underwear from the home of Mrs. Gardner W. Pearson, where she had been employed. During the course of her testimony she informed the court that her mother was divorced from her father and that her mother had taught her to steal when put a child and she could not resist the temptation. The court found the girl guilty and sentenced her to the women's reformatory at Sherborn.

The Battle girl was the employee of Mrs. Pearson last March and in 1916, at that month suddenly left and upon investigation it was found that she had stolen \$8 and \$4 in money from the room of Edward J. Mosher and stole a pair of shoes and a pair of gloves from the room of Mrs. Pearson. The girl was unable to locate the girl. Recently she returned to this city and hired a room at 29 Hanover street, and on Oct. 13 she was arrested by a police officer and taken to the police station. She was held in the police station for a short time and then was taken to the women's reformatory at Sherborn.

Larceny of Clothing
Alphonse Blouin was charged with the larceny of a coat and pair of trousers valued at \$12.50, the property of Joseph Gravel. Blouin admitted that with the aid of a key he entered the room of Gravel at 29 Hanover street on Thursday and stole the clothing and later sold the articles to a second hand clothing store in Boston street. Although it is the man's second offense for larceny, owing to the fact that his wife is in need of his services, the court imposed a suspended sentence of five months in the house of correction.

House of Correction
Joseph Caseau who was given a hearing two weeks ago on a complaint of assault and battery on David Hannon, was sentenced to three months in the house of correction. He appealed the sentence and was taken to the house of correction at Taubert mills in Billerica and it is alleged that during an argument with a guard he was struck on the head with a heavy wooden stick which he had pulled off one of the machines.

Other Cases
Antonio R. Fasquelle, charged with indecent exposure, was fined \$25 and ordered to appear again.

Joseph J. O'Connell entered a plea of guilty to a complaint charging him with neglect of wife and was given a hearing before Judge Enright in the house of correction.

Frank Teague made his fourth appearance for drunkenness within a year and was given a suspended sentence of six months in the house of correction. Martin P. Philbin was charged with assault and battery on a woman and was given a suspended sentence of three months in jail.

Frank Hickey, charged with trespassing on the property of the Boston & Maine railroad, was fined \$10.

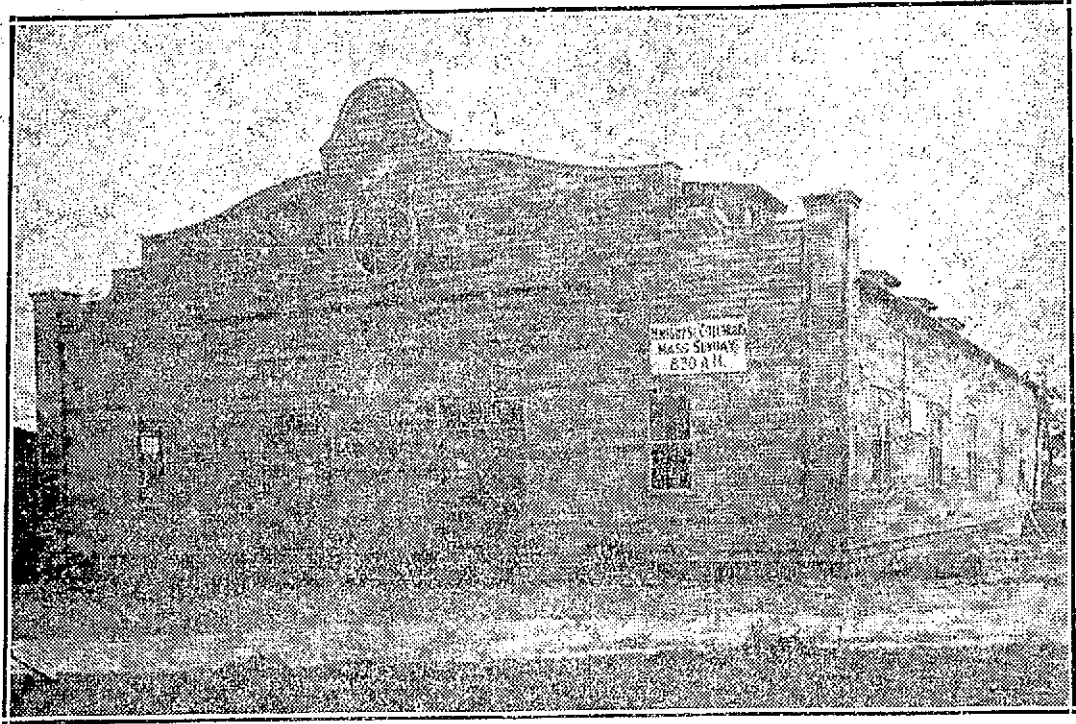

WASHINGTON, Oct. 13.—In connection with the announcement yesterday by Bainbridge Colby of the shipping board of the general conditions under which the American merchant marine is to be reorganized by the government Monday, it became known that while at first only large ships of more than 2500 tons dead weight capacity and passenger vessels of more than 500 tons gross register will be taken at once, the limit will probably be lowered soon to include craft of more than 1500 tons.

The notification sent to ship owners reads:

"The ships affected by said regulation and included therein are (a) all cargo ships able to carry not less than 2500 tons total dead weight, including bunkers, water and stores. (b) All passenger steamers of not less than 500 tons gross register. (c) All ships of 1000 tons or over bound to American ports on Oct. 15. YESTERDAY WAS BIG DAY FOR KNIGHTS OF COLUMBUS; RECREATION HUT DEDICATED AT CAMP DEVENS

THE K. OF C. RECREATION HUT AT CAMP DEVENS
Photo by J. M. Dinneen

The Knights of Columbus headquarters building at Camp Devens on the western side of the main camp road, near the drill grounds, is now open and a cordial invitation is extended to all, regardless of creed, to visit the K. of C. headquarters at any time and make free use of the facilities afforded for rest, recreation and entertainment. Make this building your own for meeting your friends, writing letters, reading, telephoning and entertainment.

Mass will be celebrated at this building every Sunday at 8.30 A. M. Ayer Council, Knights of Columbus, invites all, whether members or not, to visit its rooms on the third floor of Page block, Main street, Ayer. Make these rooms your headquarters when in town.

Lowell council, Knights of Columbus, observed Columbus day fittingly yesterday with an unelaborate yet thoroughly enjoyable program. Activities started shortly after nine o'clock in the morning when the members—almost all of them—gathered in the K. of C. quarters in Associate building and made ready to march in a body to St. Michael's church for religious ceremonies.

About 9.15 the line headed by the Lowell Cadet band started down Merrimack street. The members of the fourth degree assembly were first to come and they were followed by the guests of the occasion—soldier members in uniform. Following were the other members of the council. The parade presented an inspiring picture.

The fourth degree members were in full regalia and the uniforms of the soldier members immediately following combined to make the scene a picturesque one. The parade wended its way through Merrimack and Bridge streets to Sixth and St. Michael's church. At 9.30 a solemn high mass was celebrated. Continued to Page 2—First Section

LOWELL BOY GUNNERY SCHOOL HEAD VON TIRPITZ EXPECTS U-BOATS TO WIN WAR

Lieut. Arthur F. Woodies, formerly of The Sun, is at Camp Mohawk, in Canada, where he is in charge of an aerial gunnery school, and he has 120-odd cadets, Americans and Canadians, under his protecting wing. Camp Mohawk is 135 miles east of Toronto, and in letters to friends in Lowell, Lieut. Woodies has said many nice things about Canadian hospitality. He says he has met some splendid families and the welcome sign is ever out.

Lieut. Woodies is a Plattsburg graduate and went to Canada from Ayer about six weeks ago. He has made wonderful strides and promotions have come quick and fast. He has spent most of his time at Camp Borden, 92 miles northeast of Toronto, but was ordered to Camp Mohawk a week or two ago. At Camp Borden he took a course in aerial gunnery and now he is supervising instruction. He does not know if the next move will be to the United States or "over there."

AMSTERDAM, Oct. 13.—Admiral von Tirpitz, former minister of the German imperial navy, interviewed by the Brunswick Laudes Zeitung, is quoted as saying:

"We can continue confidently to expect a final triumph over England so long as we continue to sink vessels faster than she constructs them. A submarine war success cannot be expected immediately, however, but if we pursue our aim firmly we shall find after some months that our position for negotiations with England will be quite different."

"England desires negotiations now while her position is comparatively favorable. The decisive factors are the shipping losses suffered by the enemy and by neutrals who expose themselves to U-boat war."

"No definite time can be fixed for our success. Economically, and as regards raw materials, our position today is stronger than that of France or Italy. How far England will be able to make her supplies last cannot be predicted."

"But the decisive factor is that while we supply four-fifths of our economic needs from our own productions England has to fetch four-fifths of hers from overseas."

"We are now at the fateful hour of our existence. Germany cannot maintain her position as a world power against England unless her position is founded on might."

26 OF CREW WRECKED SHIP PICKED UP

AN ATLANTIC PORT, Oct. 13.—Twenty-six members of the crew of the steamer New Orleans, wrecked off the Virginia coast in a heavy blow Wednesday, were brought here today by a vessel which picked them up just after their ship went down.

DR. T. J. KING,
DR. J. E. ROBILLARD,

STATEMENT OF DR. ROBILLARD:

I have practiced dentistry in Lowell for years and during that time I know I have given satisfaction to the people of this city. To make the big success that my ability and ambition demands I am obliged to avail myself of certain wonderful improvements now being used by Dr. King, and I do not hesitate to admit the superiority of the King System of Painless Dentistry. I hope my patients will agree with me that I am doing the right thing in joining with a reputable dentist who has made an enviable position for himself and his methods in our city.

IF I HURT YOU DON'T PAY ME

No pain and a small per cent. over the cost of the best materials money will buy is a combination that cannot be beat. Get the other fellow's price for his best, then compare it with mine, is all that I ask you to do.

FRENCH ARMY NOW NUMBERS 2,700,000

NEW YORK, Oct. 13.—France has for a year been producing 250,000 shells a day for the famous "75" guns as compared with 15,000 daily when the war began. Andre Tardieu, high French commissioner in the United States said in a statement here yesterday:

His estimate of credits voted by France from August of 1914 until America entered the conflict was nearly \$21,000,000,000, of which more than \$19,000,000,000 came, he said, from the savings of the French people.

"In 1914 we had only 300 heavy guns, organized in regiments," Mr. Tardieu continued. "Now we have more than 6000. Besides, we gave more than 500 heavy guns to our Russian, Rumanian and other allies."

"More than two-thirds, and nearly three-fourths, of the western front is still occupied by the French army which has 2,700,000 men in the field, in our country the amount raised and sentions utterances."

SEN. LA FOLLETTE ASKED TO EXPLAIN TUESDAY

WASHINGTON, Oct. 13.—Senator La Follette of Wisconsin has been invited to testify next Tuesday before the subcommittee of the committee on privileges and elections, conducting an inquiry into certain statements made by Mr. La Follette at St. Paul before the Non-partisan league last month, for which he was charged with disloyal and seditious utterances.

FIRE CAPT. DUNN DIED THIS MORNING

Capt. Bernard J. Dunn, of those company No. 5 of the Lowell fire department, who suffered a fracture of the skull as a result of a fall from the roof of the Northern Waste Co. plant at Warraville on the night of September 22, died this morning at 3.40 at St. John's hospital. The body was removed to his late home, 4 Rockdale avenue, by Undertakers James F. O'Donnell & Sons, in the afternoon. With the exception of a leave of absence of about a month for illness a year ago he had been constantly on duty.

On the night of September 22 while at the Northern Waste company he and several of his men were fighting the fire from the roof of the building and owing to the dense smoke he was later found unconscious on the ground. He was hurried to St. John's hospital where an examination showed that he was suffering from a fracture of the skull. For over a week he was delirious, but at times was able to recognize relatives and friends who called to see him and during the early part of this week showed signs of improvement, but later a change for the worse took place and he passed away at 3.40 o'clock this morning.

CAPT. BERNARD J. DUNN

ing to Chief Edward F. Saunders and other members of the department with whom he had associated. He had rounded out nearly thirty years of service in the department and his active life and daring at many of the big fires won for him meritorious praise.

He was appointed a substitute fireman on Engine 6 on December 28, 1888 and when the chemical engine was taken out of the Merrimack street fire house and a hose and ladder company substituted he was appointed a call man. He was made a permanent fireman on January 5, 1893 and January 1, 1903 was promoted to the tenancy of Hose 8. In May, 1913, when Capt. Crowley was made a district chief, Lieut. Dunn was promoted to the captaincy which position he held up to the time of his death.

With the exception of a leave of absence of about a month for illness a year ago he had been constantly on duty.

ARGOSTOOK CUT OFF BY HEAVY SNOW STORM

HOULTON, Me., Oct. 13.—For nearly 24 hours all telephone and telegraph communication out of Argostook county has been at a standstill owing to the second large snow storm in 48 hours, lasting from late last night until early this morning.

More than six inches of snow fell. Owing to the heavy foliage still on the trees, the snow in many instances broke them down. Nearby highways were impassable this morning as the result of the trees that had fallen in the roads.

The Argostook Telephone company sustained a damage of several hundred dollars and tonight only a partial service is being maintained.

BANGOR, Me., Oct. 13.—As a result of the first snowstorm of the season Thursday 400 telephones are out of commission here. Telephone officials say that it will take two weeks to get everything to rights.
